Do 33 line 7 for "59363" read "59398".

Do 33 line 9 for 1,14,985–8–5 read 1,14,950–8–5.

Do 33 line 9 for "35" read "Nil".

Do 59 line 3 for '2,23,761–15–1' read '2,23,761–5–2'.

Do 71 under column 'balance,' insert ' before the figure 354.'

Do 72 under column 'additional points' for '15' read '1' and for '19' read '195'.

Do 75 line 27 for 'poststs' read 'posts'.

line 36 for 'efficien' read 'efficient'.

line 51 for 'igh' read 'high'.

Do 77 line 28 for 'years' read 'year'.

Do 85 line 28 for 'sonking' read 'sinking'.

Do 86 line 15 for '20,728–6–11' read '20,754–8–3'.

line 17 for '15,105–7–7' read 15,350–7–7'.

line 20 for '20,686–14–2 or 12·9' read '20,441–14–2 or 12·8'.

line 23 for '18,044–1–9' read '18,018–0–5'.

Do 96 under column 'Actuals 1927–28' for '35,334–8–0' read '85,334–8–0.'

Do 98 under column 'Actuals 1927–28' for '4,53,051–11–6' read '4,53,051–15–6'.

Do 123 under column 'Actuals for 1927–28' for '21,157–11–1' read '21,157–11–11'.

Do 130 under column 'Actuals 1928–29 for '22210' read '32210'.

Do 139 under column 2 for "Farasier Street" read "Narasier Street".

Do 168 against item 7, under column 9 for Rs. 57,224–1–0 read 57,244–1–0.

Do 168 against item 18 under column 5 for 74,039–12–6 read 74,049–12–6.

" against item 21 under column 9(a) for '8·3' read '8·35'.

On page 168 Add the following as a foot note :—

'(i) Sum of annas 4 collected under chalan No. 50 dated 15-6-28 for the issue of a duplicate receipt has not been included in item 9 above'.

Do 170 against item 5 under column 5(a) for 2,091-9-8 read 2,142-1-8.

Do 170 against item 5 under column 6 for 38,376-7-6 read 38,325-15-6.

Do 170 against item 5 under column 7 for 23,535-8-11 read 23,485-0-11.

Do 170 against item 6 under column 3 for 230-0-0 read 2,330-0-0.

Do 170 Total for column 5(a) for 76,510-9-1 read 76,561-1-1.

Total for column 6 for 9,83,491-9-9 read 9,83,441-1-9.

Total for column 7 for 5,37,063-15-2 read 5,37,013-7-2.

Do 170 item 7 column 5(a) for "Rs. 59,328" read "Rs. 59,368".

Do 170 item 7 column 6 for '1,14,985-8-5' read '1,14,950-8-5.'

Do 170 item 7 column 9 for "35" read "Nil".

Do 171 against item 12 under column 2 for "11-0-0" read "121-10-4".

Do 199 Table No. 11 against the word 'Manholes' insert 'No. against the words 'House connections' insert 'No.' against the words 'ventilating columns' insert 'No.'

Do 200 Table No. 12 insert 'L. ft.' under columns '31st March 29' '31st March 28' 'Progress during the year'.

Do 200 Table No. 12 insert 'L. ft.' under column 1 against (1) Manholes (2) House connections (3) Ventilating columns, insert 'No.'

Do 203 Table No. 18 just below columns 2, 3, 4, 5 insert 'L. ft.' In column 1 against (1) Manholes (2) House connections insert 'L. ft.'

Do 208 in column 2 for 'Meta' read 'Metal'.

Do 209 in column 2 for '2,47,240' read '47,240'.

Do 212 in column 2 for 'T. U. C. &' read 'T. U. C. S.'

212 in Foot note for '3 M. 2 yds. 190 ft. read 3 M. 210 yds.'

Do 213 in column 1 for "45" read "15".

Do 216 in column 4 remove the bracket against figure '239'.

On Page 217 in column 2 for 'Janga Ramangal' read 'Janga Ramanujammal'.

Do 217 in column 2 for ' stree' read street'.

Do 223 Table No. 32 under Receipts for '15,559 read 15,595'.

Do 227 Column 2 against item 15 for 'one eight' read one-eighth'

227 Column 2 against item 18 for 'post' read 'posts'.

227 Column 2 against item 21 for '18 bends' read 1/8 'bends'.

Do 230 In the heading of column 2 for 'Cordoraton' read 'Corporation'.

Do 233 Under column 1st standard, Girls for '213' read 'Nil'.

Do 235 In the heading for "attendane of pupils" read "attendance of pupils'.

Do 259 Under column 4 against serial No. 53 for 'Nil' read 'rented'.

Do 264 Under column 'Division' against Serial No. 130 for 'do' read XXX '(Mylapore) Division'.

Do 310 Under column 'years' for '115.16' read '1915-16'.

Do 312 Under statement No. 5 for 84,382' read '843821'.

Do 312 Under statement No. 5 for '720' read '790'.

APPENDIX IV.

INTRODUCTION.

During the year under review the reduced assets of the Corporation continued to operate as a bar to any vigorously progressive policy, The rate of Property Tax was, however, raised in the Budget for the year 1929-30 and there is, therefore, some justification for hoping that the Corporation will be in a position to take up in the future certain very necessary improvements which have been long pending for want of funds.

In saying this I am reminded of a fact which is frequently overlooked, that the spread of western ideas regarding sanitation, medical relief, a pure water supply and other amenities which are now taken for granted as the foundation of municipal administration is comparatively recent in the history of this ancient land. It is the fashion to complain that their development in India proceeds so slowly as to constitute a reproach to those charged with the administration of affairs. Those who indulge in such reproaches forget I think that it took the west many years to achieve what India is now striving to achieve and that those foundations on which municipal administration in the west is based were not laid in a day, nor indeed in many decades. The Corporation of Madras has laid down a programme of modern drainage, spread of medical relief, development of primary education and the improvement of communications, and there is no cause for despair if in some respects Madras is still some way behind other cities in this arduous process of laying surely and firmly the necessary foundations of municipal administration.

But the work which is being done will be useless without a still more necessary factor, and that is efficient citizenship. Unless the public offer wholehearted and genuine co-operation, the labour will be in vain and the results disheartening. And in efficient citizenship I include a realisation of those responsibilities which must devolve on a citizen of no mean City. A perusal of the administration reports of some fifteen years

ago is apt to be discouraging, for the author of those reports dwells much and often on just those defects which we are noticing so forcibly to-day. The need for a sanitary conscience in the people and for the growth of a public spirit which condemns the inefficient or hostile citizen is emphasised again and again in the pages of those reports. The habit of throwing rubbish in a street just swept, of wasting precious water, of concealing or at best failing to disclose cases of smallpox and cholera, the complacent acquiescence, if not positive encouragement, of the parent whose child is defoecating in the public highway, a practice to which he is himself addicted, all these unsocial practices are so constantly condemned both then and now that one is tempted to believe the word of the preacher is indeed a cry in the wilderness. But here too progress is being made, albiet slowly. Much can be done by the education of the child in the Corporation Schools, much can be done by propaganda, and I gratefully acknowledge the zealous efforts which many Councillors are making to spread sanitary ideas among their constituents.

Of the principal events of the year I have already referred to one, the raising of the rate of property tax. I am confident that as time goes on, the ratepayers will realise the wisdom of the action taken, and will feel the benefit in the provision of better amenities, and the improvement of the surroundings in which they live.

The percentage of collection again shows an improvement and rose from 90 per cent to 91.9 per cent. The right of collecting tolls was sold for Rs. 96,100 a record for this transaction.

Strenuous efforts have been made to improve conservancy and the very necessary additions to the strength of lorries and bullocks which the increased taxation will make possible should help us materially along this difficult road. The Health Department must continue to absorb much of our interest and energy, for if people cannot live, education, roads and other

amenities can have but an academic interest and become to them matters of small importance. Marked improvement has been effected in the management and care of the Health Department lorries by the appointment of a skilled motor mechanic whose duty it is to see that lorries are not permitted to take the road when they are in need of attention and repair. Previous to this appointment I found that lorries were being used when quite unfit for work and indeed a danger to the public.

The Council also sanctioned my proposal for the appointment of a skilled veterinary officer to be in charge of the Corporation cattle.

38 Miles of road were reformed while some 7½ miles were tarred for the first time and nearly 7 miles were retarred.

As regards water distribution it will be seen that some 10 miles of street mains were laid, being partly new mains and partly replacements of old and worn out pipes. The problem of the Madras Water Supply continued to exercise the minds of all concerned and the urgent need for waste prevention is constantly emphasised. All water supplied is now filtered and chlorinated and hence the supply under existing conditions is limited, although it is hoped that before long a settlement will be reached of the question of augmenting the quantity stored in the Red Hills. The system is designed to supply up to 25 gallons per head per day but the daily consumption continues to exceed that figure, the supply for the year under review averaging 31.29 gallons per head per day. This means that the filters are being strained to their utmost capacity, a state of things which cannot be allowed to continue indefinitely.

The Council I am glad to say sanctioned soon after I took over my office the water supply by-laws and these have recently received the preliminary sanction of the Government.

Work on the drainage system was continued throughout the year under review, many of the staff being also engaged in preparing revised estimates for works required to complete the comprehensive scheme.

Good progress was made in the lighting in the City and suspension lights were installed in many parts of the town thereby materially improving the lighting of the streets. The lighting of Madras now compares favourably with that of many big cities both in the East and the West.

The Compulsory Elementary Education Scheme is now working in all divisions of the City. The total number of Boys and Girls Schools was 132 at the end of the year under review. Of these only 45 are housed in buildings owned by the Corporation, the remainder being accommodated in rented houses. It is most desirable that the Corporation should as soon as funds permit own the buildings in which the schools are housed and steps are being taken to acquire sites for building schools. The average house available is generally very unsuitable for school purposes and the Corporation is therefore not infrequently at the mercy of the landlord.

General.—Of the questions pending settlement when I came to the Corporation one of the most long standing was that of Overbridges in the City. In regard to this the Council came to a decision at its meeting on 5th March 1929 and accepted the overbridges as proposed by the Railway.

In conclusion, I would acknowledge the loyal co-operation and support which I have received from the staff of the Corporation executive during the period that I have held office.

I should also like to record my appreciation of the courtesy and co-operation which I have uniformly received at the hands of the Council, which has materially lightened the burden of my work.

Corporation of Madras, 31-8-1929.

E. CONRAN SMITH,
Commissioner Corporation of Madras.

CORPORATION OF MADRAS.

Report of the Commissioner from 1-4-28 to 31-3-29.

ELECTION.

The following Councillors constituted the Corporation on 31st March 1929:—

Names.

Elected at Divisional Elections.

Mrs. M.Hannen Angelo
Mr. P. V. Nataraja Mudaliar
Rao Bahadur P. T. Kumarasawmy Chetty
Mr. Sajja Munusawmy Chetty
,, Basheer Ahmed Sayeed, M.L.C.
,, N. S. Ramasawmy Iyer
Rao Bahadur G. A. Natesan
Mr. K. Sreeramulu Naidu
Dr. A. C. Asirvada Nadar
Mr. G. Rungiah Naidu
,, S. Venkatachalam Chetti M.L.C.
,, V. Chakkarai Chetty
,, R. Madanagopal Naidu
Dr. B. S. Mallya M.L.C.
,, U. L. Narayana Rao
Mr. G. Selvapathy Chetty
,, C. Munusawmi Naidu.
,, T. R. Kothandarama Mndaliar
,, S. A. Shaffee Muhammad Sahib Bahadur
,, K. Venkatasawmy Naidu
,, A. Ramasawmy Mudaliar
Rao Sahib. P. Ranganatham Chetti
Mr. T. P. Meenakshisundaram
,, R. Krishna doss Lala
Rao Bahadur Dr. C. Natesa Mudaliar, L.M.S.
Mr. S. Satyamurthi M.L.C.
,, S. C. Rangaramanujam
Dewan Bahadur G. Narayanaswami Chetti C.I.E. M.L.C.

Appointmet by the Covernment.	Mr. R. Dann ,, Rajagopal Naidu Vacant Mr. M. A. Muthiah Chetty Vacant Mr. S. S. Elliott Vacant Mr. T. S Nataraja Pillai Rao Sahib M. C. Mudurai Pillai

M.R.Ry. Dewan Bahadur G. Narayanasamy Chetty Garu who was elected President by the Council at its meeting of 16th November 1927 continued to hold the office of the President till 15th November 1928 when M.R.Ry. A. Ramaswami Mudaliar Avl, was elected President by the Council under section 28 of the Madras City Municipal Act 1919 and he continued to hold the office of the President during the year under report.

(2) At the ordinary elections held in 1928 two out of the ten seats were contested.

The Councillors newly elected are (1) M.R.Ry. N. S. Ramaswami Aiyar Avargal, (Division 6), (2) M.R.Ry. R. Madanagopal Nayudu Garu (Division 13), (3) M.R.Ry. Ketty Venkataswami

Nayudu Garu (Division 20), (4) M.R.Ry. A. Ramaswami Mudaliar Avargal, (Division 21) and (5) M.R.Ry. T. S. Ramaswami Aiyar Avargal, (Division 30), in the places of M.R.Ry Burra Satyanarayana Garu, M.R.Ry. M. Singaravelu Chettiyar Avargal, M.R.Ry. T. Sundara Rao Nayudu Garu, M.R.Ry. E. L. Aiyar Avl. M.R.Ry. K. Bashiyam Aiyangar Avargal, respectively. The Councillors for Divisions 2, 8, 10, 11 and 14 were re-elected.

The number of votes recorded at the two contested elections viz., Divisions 13 and 20 was 1594 out of a total electorate of 2047. The percentage of voters who exercised the franchise at these elections was 77.9.

During the year under report a casual election was held consequent on the resignation of M.R.Ry. T. Sundara Rao Nayudu Garu the Councillor for Division No. 20 and M.R.Ry. A. Ramaswami Mudaliar Avargal was returned unopposed in this vacancy.

(3) On the annual revision of electoral rolls it was found that the percentage of voters qualified to vote was 4.9 per cent of the total population, as against 4.8 during 1927—28.

Rules regarding the preparation, revision and publication of the electoral roll for the election of divisional Councillors and those for the nomination of candidates and for the conduct of divisional elections which were awaiting the orders of Government were received from Government duly passed,

Fresh rules for the adjudication by the Court of Small Causes, Madras, of disputes arising out of elections of Councillors to the Corporation of Madras were also received from Government.

(4) *Representatives of the Chamber of Commerce:—*

Mr. A. S. Rose and Mr. D. M. Reid who were elected Councillors on 8-11-27 and 25-10-27 respectively continued to be Councillors during the year under report. Mr. C. H. Straker who was elected Councillor on 5-10-26 resigned his seat on the Council with effect from 6-4-28 and Mr. A. J. Powell was elected Councillor in his place with effect from 1-5-28 and he continued to be a Councillor during the year under report.

(5) *Representatives of the Trades Association:—*

Mr. W. H. Nurse and Mr. Hayles who were elected Councillors on 28th September 1926 and 5th July 1927 continued to be Councillors during the year under report. Mr. V. C. Mccracken who was elected Councillor on 24-1-28 resigned his seat on the Council with effect from 19-8-28 and Mr. Binstead was elected Councillor in his place from 21-8-28 and he continued to be a Councillor during the year under report.

(6) *Representatives of the South Indian Chamber of Commerce:—*

Sir M. C. T. Muthiah Chettiar and Md. Moosa Sait Sahib Bahadur who were elected Councillors on 9th February 1926 ceased to be Councillors on 9-2-29 by efflux of time.

(7) *Representative of the Harbour Trust Board:—*

Dewan Bahadur Govindoss Chathoorbujadoss who was elected Councillor on 17-5-27 continued to be a Councillor during the year under report.

(8) *Representative of the Anglo Indian Association:—*

Mr. S. Fernandez who was elected Councillor on 1926-27 continued to be a Councillor during the year under report.

(9) *Representative of the University of Madras.—*

M.R.Ry. A. Romaswami Mudaliar Avl., who was elected Councillor on 20-4-26 resigned his seat on the Council with effect from 1-8-28 and M.R.Ry. B. Satyanarana Garu was elected Councillor in his place with effect from 9th October 1928.

(10) *Councillors appointed by the Governor-in-Council:*

Mr. R. Dann, M.R.Ry. M. R. Rajagopala Naidu Garu, M.R.Ry. Rao Sahib M.C. Madurai Pillai Avl., Mr. S.S. Elliott and M.R.Ry. T.S. Nataraja Pillai Avl., who were elect-

ed Councillors on 14-6-27, 25-10-27, 6-4-26, 21-2-28 and 26-10-26 respectively continued to be Councillors during the year under report. Khan Bahadur Hajee Hakim Md. Abdul Aziz Sahib who was appointed Councillor on 26-10-26 continued to be a councillor till 16-3-29 when he died. M.R.Ry. Dewan Bahadur O. Thanikachella Chettiar Avl., who was appointed Councillor on 27-11-28 continued to be a Councillor to the end of December 1928 when he was appointed Chief Judge of the Court of Small Causes, Madras and consequently ceased to be a Councillor. M. R.Ry. M. A. Muthiah Chettiar was appointed Councillor in his place with effect from 26-2-29. M.R.Ry. Rao Sahib L.C. Guruswamy and Mr. R.W. Ross who were appointed Councillors on 16-3-26 ceased to be Councillors on 16-3-29 by efflux of time.

REINSTATEMENT.

2. Under section 53 of the Madras City Municipal Act 1919, the following Councillors lost their seats in the Council by failure to attend the meetings of the Council for three consecutive months. They were reinstated under sub-section 4 of the same section:—

Name.	Date of loss of seat.	Date of reinstatement.
M.R.Ry. Rao Bahadur O. A. O. K. Lakshmana Chettiar.	1-5-28	1-5-28
Mr. Hayles	1-8-28	7-8-28
Mr. R W. Ross	1-6-28	5-6-28
M.R Ry. Rao Bahadur G. A. Natesan.	1-11-28	20-11-28
M.R.Ry. S. G. Rungaramanujam...	1-12-28	5-12-28
Do. ...	1-3-29	5-3-29

EXECUTIVE OFFICERS.

3. M.R.Ry. Dewan Bahadur J. Venkatanarayana Naidu Garu held the office of the Commissioner till the afternoon of 26th July 1928, when he went on leave. During his absence Khan Sahib Md. Zindah Sahib Mohazur Bahadur was appointed Officiating Commissioner with effect from 27-7-28. The latter held the office of the Commissioner till the 18th October 1928 when he handed over charge of his office to me and I continued to hold the office of the

Commissioner during the remaining part of the year under report. Khan Sahib Mahomed Zindah Sahib Mohizur Bahadur continued to hold the Office of the Revenue Officer during the year except during the period from 27-7-1928 to 18-10-1928 when he was appointed Officiating Commissioner. During this period M. R. Ry. W. Krishnaswamy Iyengar acted as Revenue Officer up to 20-9-1928 and M.R.Ry. P. Sivabhushanam Mudaliar during the remaining period. Mr. J.E.Hensman, Dr. C. S. Govinda Pillai and M.R.Ry. Rao Bahadur C.V. Krishnaswamy Chetty Garu continued to hold the office of the Engineer, the Acting Health Officer and the Electrical Engineer respectively during the year under report. M.R.Ry. T. R. Srinivasachariar Avl., continued to hold the office of the Special Engineer temporarily during the year under report.

MEETINGS.

4. During the year, the Council held 12 General Meetings, 18 Ad. General Meetings, 17 Special Meetings, 5 Ad. Special Meetings, 5 Ordinary Meetings and 4 other Meetings which proved abortive for want of quorum. The average number of Councillors including the President present at each meeting of the Council was 29.9 as against 30.0 in the previous year. The percentage of attendance to the sanctioned strength was 69.3 among elected divisional Councillors, 41.6 among institutional Councillors, 50.5 among Councillors appointed by Government as against 70.4, 40.7, 51.1 respectively in the previous year.

The Standing Committee dealing respectively with (1) Taxation and Finance (2) Works (3) Health and (4) Education met 56, 41 36 and 23 times respectively.

COMMITTEES AND SUB-COMMITTEES.

5. (1) (a) *Election etc., rules committee*:—

A Committee consisting of Mr. T. P. Meenakshisundaram, Mr. K. Bashyam Iyengar, Mr. S. Venkatachella Chetty, Mr. V. Chakkarai Chettiar, Mr. T.S. Nataraja Pillai was appointed by the Council on 17-4-28 to consider the draft rules (1) for the preparation of electoral rolls and (2) for the conduct of divisional elections and to submit a report to the Council. The re-

port of the Committee was considered by the Council on 25-4-28 when it was resolved to forward these rules to Government with the suggestions and recommendations made by the Committee. The rules were accordingly submitted to Government and were confirmed by them in G.O. No. 3276 L & M dated 9—8—28 and G.O. No. 4760 L & M dated 1—12—28.

(b) *Election disputes—Rules Committee:—*

A Committee consisting of Dewan Bahadur O. Thanikachella Chettiar, Mr. S. Venkatachellam Chetty, Mr. K. Bashyam Iyengar, Mr. S. Satyamurthy, Mr. V. Chakkarai Chettiar, Mr. D.M. Reid, Rao Bahadur Dr. C. Natesa Mudaliar with the President Dewan Bahadur G. Narayanasamy Chetty as convenor was appointed by the Council at its meeting of 10-7-28 to consider and report on the draft rules for the adjudication by the Court of Small Causes of disputes arising out of election of Councillors of the Corporation of Madras, referred to the Corporation of Madras for remarks. The recommendations of the Committee were considered by the Council on 17-7-28 and were approved by it with modifications. The rules were submitted to Government and were confirmed by them in G. O. No. Press 3384 L & M, dated 17-8-28.

(2) *Madras Corporation Workers Central Union Grievance Committee:—*

A Committee consisting of Mr. D. M. Reid, Rao Bahadur Dr. C. Natesa Mudaliar, Mrs. M. Hannen Angelo, Mr. G. Selvapathy Chettiar and Mr. V. Chakkarai Chettiar was appointed by the Council on 31-8-28 to consider the various issues raised in the resolution passed by the Madras Corporation Workers Central Union for the redress of certain grievances and to submit a report to the Council. The recommendation of the Committee was approved by the Council on 8-1-29 and the question of fixing the minimum wages for all classes of labour in the Corporation of Madras at Rs. 20 is under consideration.

(3) The Council at its meeting held on 2-10-28 resolved that the term of the Committees specified below be renewed for

another month and that if the reports to be submitted by them were not ready by that time the Committees should lapse:—

(1) City Municipal Act Amendment Committee.

(2) Swadeshi Articles Committee.

(3) Committee appointed for opening a printing press.

(4) Committee appointed to suggest ways and means to improve the People's Park.

(5) Budget Regulation Committee.

(6) Retrenchment Committee.

The Committees failed to furnish the report within the time and lapsed. This matter was reported to the Council at its meeting of 29—11—28 which recorded the report.

(4) *Committee for considering the applications for the appointment of a permanent Health Officer.*

In Memorandum No. 21980-1 L & M., dated 22-10-28, the Government forwarded the applications received for the appointment of a permanent Health Officer to the Corporation of Madras and the Council was requested to select the applicant who was most suitable for the post. A Committee consisting of the President, Rao Bahadur Dr. C. Natesa Mudaliar, Mr. S. Venkatachellam Chetty, Mr. D. M. Reid, Mr. V. Chakkarai Chetty, Dr. U. L. Narayana Rao, Dewan Bahadur O. Thanikachella Chettiar, Dr. B. S. Mallya, Dr. A. C. Asirvada Nadar and Mrs. M. Hannen Angelo was appointed by the Council on 20-11-28 to make its recommendations to the Council regarding the candidate suitable for the post. The report of the Committee was approved by the Council at its meeting of 11th March 1929 and it was resolved to forward the same to Government with the request that Government would be pleased to confirm Dr. C. S. Govinda Pillai as permanent Health Officer.

(5) *Committee for considering the draft bill for revising the Madras Elementary Education Act* 1920:—

A Committee consisting of Mr. S. Satyamurthy, Mr. S. Venkatachellam Chetty, Mr. D. M. Reid, Mr. R. Madanagopal Naidu and the Chairman of the S. C. (E) was appointed by the

Council at its meeting of 8th January 1929 to consider the provisions in the draft bill and to submit a report thereon. The report of the Committee is awaited.

(6) *Electric Supply Municipalisation Committee:—*

A Committee consisting of Mr. A. J. Powell, Mr. D. M. Reid, Dewan Bahadur Govindoss Chathurboojadoss, Mr. S. Venkatachellam Chetty, Mr. S. S. Elliott, Mr. R. Madanagopal Nayudu Rao Bahadur Dr. C. Natesa Mudaliar and Dr. B. S. Mallya was appointed by the Council at its meeting of 8th January 1929 to report on the possibility and practicability of municipalising the electric supply in the Madras City after ascertaining if possible the opinion of Government on the subject. The report of the Committee is awaited.

(7) *Committee for formulating proposals for securing the special representation of labour in the Madras Corporation:*

With reference to G. O. No. Mis. 4847 L & M., dated 7-12-28 stating that the Government will be prepared to consider any proposals which the Corporation may make for securing the special representation of labour in the Corporation of Madras, a Committee consisting of Mr. G. Selvapathy Chettiar, Mr. C. Munuswamy Naidu, Mr. V. Chakkarai Chetty, Mr. S. Venkatachellam Chetty, Mr. S. Satyamurthy, Dewan Bahadur G. Narayanasamy Chetty and Dr. B. S. Mallya was appointed by the Council at its meeting held on 30-1-29 to submit a report on the subject. The report of the Committee was placed before the Council and was recorded by it.

(8) *Clothing Committee:—*

With reference to the general complaint that the clothing supplied to the staff of the Corporation was poor in quality as regards texture and colour and that it did not wear for more than 6 months in the year, a committee consisting of Mr. S. Venkatachellam Chetty, Mr. S. Satyamurthy, Mr. G. Rungiah Naidu, Dewan Bahadur G. Narayanasamy Chetty, Mr. P. T. Kumaraswamy Chetty and M.R.Ry. A. Ramasawmy Mudaliar the President was appointed by the Council at its meeting of 5th February 1929 to go into the question and submit a report. The Committee recom-

mended that the indoor staff be given white khadder dress and white khadder turbans and the out-door staff khaki dress and red puggree. The recommendation of the committee was approved by the Council on 20-3-29.

(9) *Audikesavaswamy Temple, Mylapore, sale of land Committee:—*

A Committee consisting of the President M.R.Ry. A. Ramaswamy Mudaliar, Mr. G. Selvapathy Chettiar, Rao Bahadur O.A.O.K. Lakshmana Chettiar, and Mr. T. S. Ramaswamy Iyer, was appointed by the Council at its meeting of 11-3-29 to consider and report on the applications received for the sale of land near Audikesavaswamy Temple, Mylapore. The report of the committee is awaited.

IMPORTANT RESOLUTIONS OF THE COUNCIL.

6. (1) *Building Rules:—*

The Council in considering the recommendations of the City High Mortality Committee resolved to recommend that a set of rules be added to the existing rules to regulate the construction of buildings in the city so as to make the provision of dust bins in all new houses compulsory and for the enforcement of construction of latrines in new and reconstructed buildings. The Council at its meeting held on 17-4-28 considered and approved the draft rules as revised by the Corporation Legal Adviser. The revised draft rules were submitted to Government for taking steps to pass them into law under section 230 of the Act. The additions to the existing rules were confirmed by Government (G. O. No. Press 1920 L & M, dated 25-4-29).

(2) *Rules:—*

The Council at its meeting held on 31-8-28 approved the following draft rules framed by the Committee appointed by the Council for the use of office cars:—

1. All Officers who draw car allowance shall not be entitled to the use of the office car except under special circumstances with the sanction of the Commissioner.

2. In respect of any matter pending before any Standing Committee or other Committee appointed by the Council, if the Com-

mittee desire an inspection should take place, then a member or members of such committee shall have the use of the office car for the purpose of such inspection.

3. If the office car is not available or if the office car or cars are not sufficient to accommodate all members or such of the members of the Committee who may desire to inspect then the Chairman of the respective Committee shall authorise the hiring of a car or bus that may be necessary for the purpose and the charges connected with the same shall be paid out of the Corporation funds.

4. Whenever the Chairman of any Standing Committee or other Committee appointed by the Council requires the use of the office car for the purpose of inspection in connection with any Municipal matter pending before a Committee he shall have the use of the office car.

5. If the use of the office car is required by the President in connection with any duty to be done by him as President of the Corporation he shall have the use of the office car.

The rules were given effect to during the year under report.

(3) *Rules*:—

The Council at its meeting of 19th October 1928 approved a set of draft rules for the training of apprentice electricians in the Electric Department. The rules were given effect to during the year under report.

(4) *Proposal to widen General Hospital Bridge*:—

The Standing Committee (Works) at their meeting of 25-10-27 recommended that the General Hospital Bridge be widened at an estimated cost of Rs. 87,000 and that the cost of widening be divided equally among the Government, the Madras Electric Tramway Co., and the Corporation of Madras. The Council at its meeting dated 17-4-28 resolved that the Government, the M. & S. M.Ry,Co., & the Madras Electric Tramway Co., be requested to state whether they would contribute towards the cost of this improvement. The M & S M Ry., Co., and the Madras Electric Tramway Co., declined to contribute any portion of the cost but the Government agreed to sanction the grant of one half the estimated cost. The Council at its meeting of 20-11-28, while expressing its

readiness to pay its share of the cost resolved that Government be requested to address the said companies to pay their share of the cost as in the case of the Wellingdon and Hutton bridges. The Government declined to address the companies and the matter is under correspondence.

(5) *Public Library*:—

The Council at its meeting of 17-4-28 passed the following resolution:—

This Council resolves that the Corporation do maintain a public library devoted specially and solely to Municipal, social and political literature and that a sum of Rs. 10,000 be provided for as a beginning in the budget. It also resolved that the above resolution be given effect to during 1929-30. No provision was however made in the Budget for 1929-30.

(6) *Education*:—

The Council at its meeting of 17th April 1928 approved the proposal to open a night school in Thousand Lights and to conduct it with one Head Master and two assistants. The proposal was given effect to during the year under report.

(7) *Education*:—

Council at its meeting of 8th May 1928 resolved that a Corporation model school be opened at some suitable place somewhere near the Civil Jail Broadway for the exclusive benefit of Anglo Indian Children. The school was opened during the year under report.

(8) *Education*:—

The Council at its meeting held on 7th August 1928 resolved that spinning be introduced in the Corporation schools with effect from 1-4-29. Steps have been taken to give effect to the resolution.

(9) *Education*:—

Council at its meeting of 4th September 1928 approved the proposal to open an elementary boys school near Kanda Pillai Chavadi, Kodambakkam. The school was opened during the year under report.

(10) *Education*:—

The Council at its meeting held on 7-12-28 approved the proposal for opening a play ground in the open land in Perambur Bar-

racks Road, 16th Dn.; the expenditure therefor being met from the sum of Rs. 3,000 in the budget for 1928-29 towards the maintenance of play grounds. The play ground was opened during the year under report.

(11) *Mambalam Scheme*:—

The Council at its meeting of 25-4-28 sanctioned the extended area Town Planning Scheme. The draft Mambalam scheme was submitted to Government with reference their order No. 3566 L & M, dated 16-9-27 and their approval and sanction is awaited.

(12) *Water*:—

The Council at its meeting of 25th April 1928 resolved that Government be requested to undertake immediately the repairs to the Tamarapakkam Anicut and the upper supply channel to the Cholavaram tank on the understanding that the Corporation do undertake to contribute from a minimum third to a maximum half of the total cost. The work was undertaken by Government and the Corporation share amounting to Rs. 43,125 was paid to the credit of Government (G. O. No. 1395-I dated 26-5-28) during the year under report.

(13) *Water*:—

The Council at its meeting of 19th October 1928 passed the following resolution:—

"This Council resolves to acquire irrigation rights of the Ayacut lands round Red Hills Lake and for this purpose the Government be addressed to grant Rs. 10 lakhs and advance a loan of another Rs. 10 lakhs for compensation to the ryots."

The Government were addressed in the matter and their orders are awaited.

(14) *Amendment of the Act*:—

The Council at its meeting of 8th May 1928 approved the following draft amendment to Section 218 of the Madras City Municipal Act 1919 recommended by the Cherries Committee and resolved to forward the same to Government with the request that Government might take early steps to amend the section accordingly:—

218. (1) "If any private street or part thereof is not levelled, paved, metalled, flagged, channeled, sewered, drained, con-

served or lighted to the satisfaction of the Commissioner, he may, by notice require the owners or occupiers of the premises or land fronting or abutting on such street or part thereof, and in cases where the owners of the land and superstructures are different, may require the owner of the land to carry out any work which in his opinion, may be necessary and within such time as may be specified in such notice."

(2) If such work is not carried out within the time specified in the notice, the Commissioner may, if he thinks fit, execute it and the expenses incurred shall be paid by the owners or occupiers of the premises or land as the case may be."

The Government have been addressed in the matter and their orders are awaited.

(15) *Amendment of the Act*:—

In G. O. No. 4052, L & M, dated 9-10-28 Government forwarded a set of draft amendments to rules 22 and 23 of Schedule V of the City Municipal Act 1919 and requested the views of the Corporation of Madras thereon. The Council at its meeting held on 24-10-28 passed the following resolution:—

"That the Council expresses its agreement with the proposed draft amendments 1 to 3 and 5 but that with regard to the amendments 4 and 6 the Council considers them ambiguous and likely to lead to difficulties and suggests the substitution of the words "the Governor acting with the Minister" for the words "Local Government" proposed to be substituted in the rule, if any change in the wording is considered necessary."

The Government to whom the resolution was communicated did not agree with the views of this Corporation but confirmed the following alterations to the rules 22 and 23 referred to with verbal amendments (G. O. No. Press 235, L, & M:, dated 16—1—29) :—

(i) In the said rule 22 the words 'either (a)' shall be inserted before the words 'apply to the Court of Small Causes of Madras'.

(ii) A comma shall be substituted for the semicolon occurring after the word 'circumstances'.

(iii) The letter and brackets '(b)' shall be inserted before the words 'in lieu of'.

(iv) The words 'appeal, to the Local Government' shall be substituted for the words 'any person so aggrieved may appeal to the Governor in Council.

(v) For the words 'as he thinks fit' in the same rule the words 'as they think fit' shall be substituted.

2. The words 'Local Government' shall be substituted for the words 'Governor in Council' in the two places in which they occur in rule 23.

(16) *Loan for the improvement of slums in the city:—*

Council at its meeting of 8th May 1928 passed the following resolution:—

"This Council resolves to raise a loan of Rs. 1,000,000 and to request the Government to grant the loan for the improvement of slums in the city and it requests the S. C. (T. & F,) to find the means of repaying the loan and it further expresses itself in favour of increase of taxation to make up for the sinking fund of the loan and interests to pay off this loan."

The resolution was duly communicated to Government.

At its Special Meeting held on 30-10-28 Council resolved to raise a loan of Rs. 1½ lakhs for housing the poor. This sum included Rs. 45,000 being the cost of building, etc., in R. S, Nos, 3692, 3700 and 3701 of George Town. The Government declined to sanction the loan applied for (G. O. No. 4945, L & M, dated 14-12-28) Again at its meeting of 22-1-29, Council resolved that Government be requested to give this Corporation a free grant of Rs. 5 lakhs for housing the poor to be spread over 3 years. The Government who were addressed in the matter declined to sanction the loan and also stated that the land upon which it is proposed to put up tenements could not be alienated as it was required for the construction of quarters for the harbour police (G.O. No. 996 L & M, dated 27-2-29).

(17) *Bylaws:—*

Council at its meeting held on 7-8-28 approved the draft bylaws under Section 349-(11) of the Madras City Municipal Act 1919 for the regulation of hotels, lodging houses, boarding houses, choultries, rest houses, restaurants, eating houses, cafes, refreshment

rooms, coffee houses or any premises to which the public are admitted for the consumption of any food or drink in the City. The draft bylaws were published in the manner prescribed and were finally sanctioned by Government with some alterations (G. O. No. Mis. 1962 L. & M., dated 27-4-29).

(18) *By-laws*:—

The Council at its meeting of 4th September 1928 recommended the suspension of the operation of by-law 12 of the by-laws under sections 129-(3) and 349-(2) of the Madras City Municipal Act 1919 for the levy of the tax on timber brought into the city as it could not be enforced either against the collecting agencies to the Madras Port Trust who are not bound to observe it or against the applicants who could not be penalised for its violation for which they are not responsible. The Government who were addressed in the matter sanctioned the suspension of the operation of the by-law referred to and they have advised that the Corporation should consider the question of amending the by-law at an early date (Memorandum No. 12466-1 A-2 L & M, dated 29-4-29).

(19) *By-laws*:—

In Memorandum No. 26977-1 L. & M., dated 29-10-26 Government requested the Corporation of Madras to revise the draft by-laws to regulate water supply to private premises in the city in the light of their remarks. The Council at its meeting of 24-10-28 revised the by-laws and the by-laws so revised were submitted to Government for their preliminary sanction.

(20) *Tramways*:—

The Madras Electric Tramway Co., failed to carry out the suggestions and improvements to tramways suggested by the Corporation Engineer deputed by Government to inspect the permanent way and rolling stock of the company. The Council of this Corporation granted a month's time to the Company to carry out the suggested improvements. The Council at its meeting of 7th August 1928 authorised the Commissioner to take legal action against the Company. The Company in the meantime stated that they had applied to Government for the appointment of a referee for settling the various issues of the disputes. On the opinion of the Corporation Legal Advisor that it

was not advisable to adopt any legal proceedings against the company, the Council adjourned the consideration of the question pending the settlement of the disputes by the Referee. The matter is under the consideration of the Referee appointed by Government.

(21) *Tramways*:—

The Council at its meeting of 31-8-28 passed the following resolution:—

"In view of the fact that in spite of strict instructions from the Commissioner of Police passengers are standing on the foot boards of tram cars and consequent accidents are still being continued, this Council resolves to direct the authorities of the Electric Tramway Co., to remove the foot boards and convert the present type of tram-cars into a carriage type similar to those existing at Bombay and Calcutta gradually within a period of one year in order to avoid such constant accidents."

The Tramway Company to whom the above resolution was communicated for necessary action stated that as per instruction of the Commissioner of Police, passengers were not standing on the foot-boards, that the conversion of tram cars into corrider type was impracticable. The Council at its meeting of 7-12-28 considered the reply of the Company and passed the following resolution:—

"This Council is not satisfied with the reply of the Madras Electric Tramway Company that it is impossible to construct wagons of the type suggested by the Corporation, particularly as such wagons have been constructed by the Tramway Company and have been in use for sometime and therefore requests the Local Government to direct the company to use wagons of the type suggested by the Corporation."

Government were accordingly requested to direct the Company to carry out the suggestion of the Corporation and they agreed to the suggestion. They however were of opinion that the period of one year fixed by this Corporation within which the change should be

effected was too short and should be extended to 3 years. Subject to the above remarks they have directed the Tramway Company to give effect to the resolution of the Council (G. O. No. 708, L. & M., dated 11-2-29).

(22) *Tramways:—*

The Council at its meeting of 19th October 1928 approved the following rule under section 24-(2) (G) & (i) of the Indian Tramways Act 1886 for the prevention of over-loading of tram cars:—

"No conductor shall permit more than 5 passengers per seat, the number of passengers per seat in each being fixed by the Engineer of the Corporation. Passengers are not to be permitted by the Conductor to stand on foot-boards and foot-boards shall not carry any passenger except for getting into and getting out of the car. Any conductor who contravenes this rule shall be liable to a fine not exceeding Rs. 20.

The Government to whom the above resolution was communicated, in Memorandum No. 44335-1, L. & M., dated 10-11-28 state that they propose to resort to the rule making power vested in them under rule 24(1) of the said Act with a view to satisfactorily treat the two questions—over-crowding and over-speeding—in the interest of both the Corporation of Madras and the Tramway Co., imposing the responsibility for overcrowding on the Conductor and the responsibility for proceeding too fast upon the driver of the Tram-car. They have called for the views of the Corporation of Madras on the above proposal. The matter is pending consideration by the S. C. (W).

(23) *Tramways:—*

The Council at its meeting held on 30-1-29 approved the proposal of the Tramway Co., to lay a double track from the Royapettah Police Station to Luz Church Road in place of the existing single track the company having agreed to pay a sum of Rs. 9,500 for the widening of the road and to shift the over-head post to the edges, of the road at their cost.

(24) *Tax on displayed advertisements in the Madras City:—*

In their Memorandum No. 29143-1, L. & M., dated 25-11-27 the Government stated that they decided to empower the Corporation of Madras to levy a tax on displayed advertisements including advertisements displayed on public streets and parks and they desired to know the views of this Corporation on the method of calculating the tax and on the maximum rate of tax, etc. While furnishing the information required by Government, Council at its meetings held on 31-8-28 and 15-1-29 was of opinion that the scheme would not be remunerative unless private properties were also included in the scheme and also resolved that Government be requested to undertake early legislation to empower this Corporation to levy the tax on the lines of legislation prevailing in the presidency of Bombay. Government orders on the subject are awaited.

(25) *Construction of sunshades on the Marina:—*

Council at its meeting held on 31-8-28 passed the following resolution:—

"That the Government be requested to construct about dozen sunshades on the Marina from the level crossing gate near the Fort St. George to San Thome Church to protect the Marina going public from sun and rain with flush-out urinals attached to them."

The Government to whom the above resolution was communicated stated that they were not in favour of providing flush-out urinals on the Marina as it would not mitigate the existing nuisance but would create a new nuisance.

As regards erection of shelters the Government have called for plan and estimates of cost from the Chief Engineer, P. W. D., and their orders are awaited. (Memorandum No. 20857 dated 19-2-29).

(26) *Fruit market in the Esplanade:-*

The Council at its meeting of 18-8-28 passed the following resolution:—

"This Council resolves that six grounds of land at Esplanade belonging to the Military authorities be purchased at once for the purpose of building a public market for the use of the fruit and vegetable sellers and other petty piece-goods bazaars which are at present indiscriminately scattered all over the gutters in China Bazaar Road."

The Government who were accordingly requested to move the Government of India (in the Army Department) in the matter stated as follows:—

With reference to his application for 6 grounds of land in the Esplanade for a site for a fruit market as per sketch accompanying his letter read above, the Commissioner, Corporation of Madras, is informed that as the whole area shown in red in the sketch has been reserved for building purposes, it is considered desirable that any purchaser should take the whole plot or portions of it having such frontage as he may require but to the full depth of the plots. The Commissioner is requested to ascertain and report whether the Corporation agrees to take the whole plot A as shown in red in the accompanying sketch which will have a frontage of 100 ft. as against the frontage of 120 ft. applied for (Memo. No. 2045, L, & M., dated 25-1-29).

A reply was sent to Government stating that the Corporation would take the plot as required by Government and their orders are awaited.

(27) *Park:—*

The Council at its meeting of 18th September 1928 passed the following resolution:—

"This Council resolves that a Zenana Park for purdah ladies be opened at a central place in the City and sanctions a sum of Rs. 1,000 for the same and it further resolves that the site be selected by the Commissioner in consultation with the S. C. (W.)"

Alternative sites were selected and the matter is pending consideration by the S. C. (W).

(28) *Overbridge at the Whannels Road level crossing:—*

With reference to G. O. No. 3017 Ry., dated 13-12-27 dropping the question of constructing an overbridge in place of the existing level crossing at Whannels Road the Council at its meeting of 2-10-28 reconsidered the matter and passed the following resolution:—

"That the Corporation need have no objection to the construction of overbridges by the S. I. Ry., authorities on the clear understanding that the Corporation will not be asked to contribute any portion of the cost of constructing the overbridges."

(2) "The Corporation requests the Railway Company to retain the level crossing at the Whannels Road and if the Railway Company should be unable to meet the whole cost of the construction and maintenance the Corporation is prepared to pay Rs. 3,000 for initial expenses and a sum of Rs. 750 annually for maintenance."

The resolutions were duly communicated to Government and their orders are awaited.

(29) *Over-bridges—level crossings*:—

The Council at its meeting of 5th March 1929 passed the following resolution:—

"This Council resolves to accept the plans proposed for the construction of overbridges at Whannel's Road, Periamet and Broadway for the divertion of traffic which now passes through these level crossings, provided that no portion of the capital cost required therefor is met by the Corporation."

(2) "That the Railway Company undertakes maintenance of the structures of these bridges and their approaches within the limits of the property of the railway and the Corporation is liable to maintain only the roadways of the said bridges and the approaches to such roadways. The Corporation does not insist on the maintenance of the level crossings at these places."

The resolutions were duly communicated to Government with the request that the Government will arrange with the S. I. Ry. and the Railway Board to have overbridges constructed on the terms proposed in the above resolutions.

(30) *Police Powers*:—

The Council at its meeting of 24-10-28 resolved that Government be requested to empower the Sanitary Inspectors of this Corporation to exercise powers of a Police Officer under Section 24 of the Madras City Police Act for arresting persons committing offence under section 73 of the said Act either temporarily in epidemic season or permanently for keeping the City in a sanitary condition. The Government who were addressed in the matter declined to grant the request contained in the resolution (G. O. No. 997 Mis., L. & M., dated 27—2—29).

(31) *Bathing fountain and Child Welfare Centre:—*

The Council at its meeting held on 24-10-28 passed the following resolutions:—

"(1) That two bathing fountains at convenient centres be constructed in the 29th Dn., for the use of the public.

(2) That a Child Welfare Centre be opened in the said Division for the use of the residents of the Division. Steps have been taken to give effect to the resolutions."

(32) *Hospitals and Dispensaries:—*

Council at its meeting held on 24-10-28 passed the following resolution:—

"This Council resolves that a dispensary be opened in the 5th Dn., and that due provision for the same be made in the budget for 1929-30."

Necessary provision therefor having been made in the budget for 1929-30, steps have been taken to open the dispensary.

(33) *Tuberculosis Hospital:—*

The Council at its meeting held on 30-1-29 passed the following resolution:—

"This Council urges upon the Government the inadvisability of the construction of a tuberculosis hospital in the Spur Tank area which is the only available open space for the western portion of the city and request that the construction may be abandoned and the area may be assigned over to the Corporation for use as a recreation ground by the public and that a deputation of the following

Councillors do wait upon His Excellency the Governor and the Minister for public health on the subject:—

1. President.
2. Dewan Bahadur G. Narayanaswamy Chetty.
3. Mr. V. Chakkarai Chettyar.
4. Mr. S. Venkatachellam Chetty.
5. Mr. S. Satyamurthy.
6. Mr. A. A. Hayles,
7. Dr. B. S. Mallya,
8. Rao Bahadur Dr. C. Natesa Mudaliar.
9. Rao Sahib P. Runganatham Chetty.

The resolution was duly communicated to Government.

(34) *Address of Welcome*:—

The Council at its meeting held on 6th February 1929 passed the following resolution:—

"This Council resolves that an address of welcome be presented to the Right Hon'ble Sir John Simon, M.P., Chairman and Members of the Statutory Commission on Indian reforms and that a sum of Rs. 100 be sanctioned for expense connected therewith."

The Council also approved the draft of the address to be presented and the address as approved by the Council was presented to Sir John Simon on 18-2-29.

(35) *Broadcasting service*:—

The Council at its meeting of 5-3-29 resolved to begin broadcasting with effect from 1-4-29. Government have been requested to address the Director of Wireless through the Government of India with a request to grant a license at an early date.

REVENUE ADMINISTRATION

FINANCE

CAPITAL ACCOUNT.

7. (I) The year opened with a balance of Rs. 10,88,717-1-2 made up of

(a) Rs. 3,72,006-6-8 relating to the General Account for the following works :—

(I) Rs. 1,593-12-8 for the construction of the Infectious Diseases Hospital at Tondiarpet,

(II) Rs. 1,843-0-9 for the improvements to the Evening Bazaars at the Moore Market,

(III) Rs. 11,693-10-3 for the construction of houses for labourers and

(IV) Rs. 3,56,875-15-0 for the Mambalam Scheme ;

(b) Rs. 6,89,519-9-5 relating to the Water-supply and Drainage account for the improvements of water-supply and drainage and

(c) Rs. 27,191-1-1 relating to the Lighting Account for the extension of electric lighting.

During the year, a sum of Rs. 1.21, 940-2-8 was realised by sale of lands in Mambalam and Rs. 18,867-3-8 as interest on investment of surplus amounts. For capital works executed out of the revenue funds, a sum of Rs. 55,957-0-7 was transferred from the General and Water-supply and Drainage Accounts to this account. The total receipts inclusive of the opening balance amounted to Rs. 12,85,481-8-1. The total expenditure on works executed from both loan and revenue funds amounted to Rs. 8,87,782-1-7 as against the budget estimate of Rs. 15,30,200. The expenditure from loan funds amounted to Rs. 8,31,825-1-0 and that from revenue funds to Rs. 55,957-0-7. The amount spent on Mambalam Scheme and other Capital works from the General account was Rs. 3,00,088-2-8 and that on new water-supply and drainage and other works from the water-supply and drainage account Rs. 5,60,742-14-8. The expenditure on the extension of electric lighting from the lighting account was Rs. 26,951-0-3. The balance at the close of the year was Rs. 3,97,699-6-6 which relates only to the loan funds. Of this balance, the amount relating to the Mambalam scheme and other works under

the General Account was Rs. 2,49,013-2-4, that relating to the Water-supply and Drainage Schemes under the Water-supply and Drainage Account Rs. 1,48,446-3-4 and that under the Lighting Account Rs. 240-0-10.

ORDINARY ACCOUNT.

(II) The balance at the beginning of the year was Rs. 3,96,335-11-2 as against Rs. 8,60,683-4-5 in the previous year. The revenue from all sources amounted to Rs. 51,69,357-8-11 as against Rs. 51,63,032-15-11 in the previous year. The receipts under the General Account amounted to Rs. 32,27,235-15-11 as against the budget estimate of Rs. 32,59,030, under the lighting account, Rs. 4,72,046-13-0 as against the budget estimate of Rs. 4,84,040 and under water-supply and drainage account, Rs. 14,70,074-12-0 as against the budget estimate of Rs. 15,63,520. Towards the above income, the taxation proper alone contributed Rs. 39,70,349-14-4 as against Rs. 37,93,402-4-4 in the previous year. During the year contributions amounting to Rs. 2,91,154-11-8 (Rs. 2,40,000 for Elementary Education and Rs. 51,154-11-8 for Capital Works) were paid from the General Account and Rs. 4,802-4-11 for Capital Works from the water supply and drainage account. The total expenditure excluding the contributions referred to above amounted to Rupees 49,63,672-12-2, against an estimate of Rs. 52,60,920 and against the actuals of Rs. 50,78,791-15-2 in 1927–28. The balance left at the close of the year was Rs. 3,06,063-7-4 of which Rs. 2,10,528-4-2 relates to the General account, Rs. 58,618-13-6 to the water-supply and drainage account and Rs. 36,916-5-8 to the lighting account.

INTEREST ON INVESTMENTS.

(III) The interest derived from investments of surplus amounts under this account amounted to Rs. 4,889-1-4 as against Rs. 11,830-2-3 in 1927–28.

PROPERTY TAX

CURRENT.

8. (i) RATE.—The consolidated rate of property tax remained the same as in the preceding year i.e. 13½ per cent. The percentages for the items comprised in it were, under sub-section 2 of section 99 of the Act, fixed as follows :—

(a)	Water and drainage tax	$4\frac{1}{4}$%
(b)	Lighting tax	$2\frac{1}{4}$%
(c)	Tax for general purposes	7%

In the Mambalam area, exemption of the full water and drainage tax and five-eighths of the lighting tax was allowed as in the previous year in pursuance of G.O. No. Mis 3180 L & M dated 12th November 1924. The rate of property tax levied in this area was therefore 7 27/32 per cent which was made up of 7 per cent for tax for general purposes and 27/32 per cent for lighting tax. Education tax continued to be levied at $1\frac{1}{4}$ per cent on the annual value of all buildings and lands.

(ii) REVISION OF ASSESSMENT.—Six divisions underwent, general revision of assessment viz. XXI, XXIV, XXV XXVI, XXVIII. and XXX. The gross increase on account of such revision was Rs.39,356-14-0 The gross increase on account of revision of assessments and new assessments including the higher amount of tax paid by the Port Trust was Rs. 1,18,272-3-3 as against Rs. 1,23,681-4-7 in the preceding year. But as a result of the reductions made by the Commissioner and the Standing Committee (Taxation and Finance) the net increase on account of revision of assessment was Rs. 66,431-10-1 as against Rs. 68,238-13-2 in the preceding year.

(iii) DISPOSAL OF APPEALS AGAINST ASSESSMENT :—There were 2946 applications for reduction of assessment during the year as against 3399 during the previous year. Orders were passed by the Commissioner in 2833 cases and 1028 appeals were made to the Standing Committee (Taxation and Finance).

There were 22 meetings of the Standing Committee (Taxation and Finance) during the year to hear the appeals. 515 cases of the current year and 969 cases of the previous years were disposed of.

There were 5 appeals to the Small Causes Court against the decisions of the Standing Committee. In 3 cases the assessments were reduced ; in one case the assessment was confirmed ; one case remained pending. One other case that was pending during the previous year was compromised during the year under report.

(iv) EXEMPTIONS.—In pursuance of the Council's resolution under proviso (b) to Section 102 of the Act the number of items which were exempted from assessment on the ground of their annual value being below Rs. 36 was 97. There was a reduction of the demand by a sum of Rs. 371–1–3 for the year.

(v) DEMAND.—The gross demand for the year amounted to Rs. 31,12,883–2–7 as against Rs. 30,36,581–3–7 in the preceding year.

The net demand after reductions made by the Commissioner and the Standing Committee (Taxation and Finance) amounted to Rs. 30,61,043–1–7 as against Rs. 29,81,138–12–2 in the preceding year.

(vi) COLLECTION.—The net collections amounted to Rs. 27,29,704–10–10 as against Rs. 26,26,668–14–10 in the preceding year.

(vii) REMISSION.—A sum of Rs. 32,809–5–3 was remitted on account of vacancy or other causes, as against a sum of Rs. 34,041–12–1 in the preceding year.

(viii) BALANCE.– The balance outstanding at the close of the year was Rs. 2,98,529–1–6 as against Rs. 3,20,428–1–3 at the close of the previous year.

(ix) WARRANTS.—The number of warrants executed during the year was 97 as against 96 during the preceding year.

(x) RECOVERY OF TAX BY CIVIL SUITS.—The number of Civil Suits filed for recovery of property tax, both current and arrears during the year was 72. Decrees were obtained in 73 cases of which 17 were those filed in the year 1927–28. Decrees have been obtained for Rs. 10,217–11–9. Measures are being taken to execute the decrees in these cases and in other old cases.

(xi) PERCENTAGE OF COLLECTION.—After allowing for sum of Rs. 24,551–8–3 for revision of assessment made during the last month of the financial year and difference between the old and enhanced assessments for the appeal cases pending at the close of the year and after allowing also a sum of Rs. 6,151–2–11 covered by civil suits the percentage of collection to actual demand is 91·4 as against 90·0 in the preceding year.

(xii) INCIDENCE OF TAXATION. The incidence of taxation per head of population was Rs. 5-12-7 as against Rs. 5-10-2 in the previous year.

(Note :—The total current demand collection and balance under the combined property tax and education tax as compared with the corresponding figures for the two previous years, is shown in Appendix I Table No. 1.)

ARREAR.

(i) Demand :—The year opened with an outstanding of Rs. 5,79,571-15-10 which as a result of subsequent amendments rose to Rs. 6,46,803-14-7.

(ii) Collection :—The amount collected during the year was Rs. 3,77,412-2-2.

(iii) Remission :—A sum of Rs. 2,151-13-8 was remitted on account of vacancy or other causes.

(iv) Balance :—The balance at the end of the year was Rs. 2,67,239-14 9.

(v) Percentage of collection:—After taking credit for a sum of Rs. 29,496-4-2 covered by decrees of civil suits the percentage of collection to demand is 64·34 as against 64·09 of the previous year. Every year only very bad cases of arrears remain to be settled and these have to be collected mostly by civil suits. Therefore there has been only a slight improvement.

Note:—The total demand collection and balance under arrears as compared with the corresponding figures for the two previous years is shown in Appendix I, TableNo. 2.

The details relating to each item of the combined property tax dealt with above viz. tax for General purposes, Water and Drainage tax, Lighting tax and Education tax are shown in Appendix I, Statements III A, III B.

A comparative statement of arrears of property tax as they stood on 1st April 1928 and on 1st April 1929 is appended as an enclosure to statement III B (Appendix I, Table No. 3.)

The percentage of collection to demand under arrears and current from the year 1905 is given in the statement Appendix I, Table 4.

GENERAL.

During the year under report there was marked progress in the early issue of bills to meet the demands of expenditure in the early part of the year. Bills for property tax were sent to the mercantile firms and well-to-do landlords during the first month of each half year. The issue of bills to other rate payers also began on the 1st of May whereas in the previous years it was not possible to do it earlier than the middle of June. Even though the pressure of work was very great in the beginning of the year on account of the preparation of the electoral rolls and compilation of the Administration Report, the collection work actually commenced much earlier than in the previous years. The collecting staff experienced the same difficulties in the recovery of taxes as in the preceding year. It was necessary to send reminders and letters threatening coercive processes in a very large number of cases. A large number of difficult cases of old arrears were settled during the year. The number of civil suits filed was less during the year as the Standing Committee (T & F) in itsproceedings dated 12th July 1928 ordered that except in cases where recovery of tax would be barred by limitation within the next month, in all other cases further attempts to collect without recourse to suits should be made. As only very bad cases remained to be tackled, the progress achieved in the matter of collection of arrears was not as satisfactory as was expected.

TAX ON ARTS AND COMPANIES.

A. CURRENT.

9 (i) (1)The rates of taxation in respect of "Arts and Companies' were the same as in the preceding year i.e., the minimum rates prescribed in Schedule IV to the Madras City Municipal Act IV of 1919. The gross current demand under "Tax on Arts and Companies" was Rs. 4,84,023 as against Rs. 4,69,535-2-0. thereby showing an increase of Rs. 14,487-14-0 over the last year's demand.

(2) The collections under this head for the year amounted to Rs. 4,31,583-10-0 as against Rs. 4,23,303-15-11 in the previous year. Deducting the provisional demand of Rs. 4,000 for the recovery of which no action could be taken before the close of the year for reasons stated in para (C) (2) infra, the net demand comes to Rs. 4,56,939-14-0. The percentage of collection to the net demand is 94·5 as in the previous year. The balance left uncollected in all at the close of the year was Rs. 29,356-4-0.

B. ARREAR.

(ii) The arrear demand which stood at Rs. 43,320-1-2 at the commencement of the year rose to Rs. 53,010-3-6 during the year on account of supplemental assessments and subsequently fell to Rs. 49,338-1-10 on account of remissions and reductions on appeals.

A sum of Rs. 29,212-3-3 was realised under "Arrears" during the year, the percentage of collection to demand being 59·2 as against 64-1 of the previous year. The high percentage of collection during the previous year was due to the fact that the Corporation, as per G. O. No. Mis. 1134 L & M which empowered them to levy assessments on all the non-resident companies even for the first year of their commencement of business in this city, levied assessments on all companies that were not assessed during the previous half years. An appreciable sum was thereby collected and this raised the percentage of collections last year.

C. GENERAL.

(1) OBJECTIONS AND APPEALS.--Of the number of objections received against the proposed assessments, 168 went up to the Standing Committee (Taxation and Finance) as the assessees were not satisfied with the orders passed by the Commissioner, and of these 168, 148 were decided by the Standing Committee (Taxation and Finance) during the year. Three of the Appellants, not satisfied with the decision of the Standing Committee (Taxation and Finance) preferred a further appeal to the Court of Small Causes. Two Appeals were decided by the Court of Small Causes and the third-Prince of Arcot--Versus--Corporation of Madras was referred to the High Court as it involved important points of law for decision. Their Lordships Mr. Justice Waller and Mr. Justice Krishna Pandalai, before whom the case went up delivered judgment holding (1) that the allowances paid to the Prince of Arcot being of the nature of political pensions, were assessable to profession tax and (2) that the profession tax for each half year should be levied within that half year itself and not after the period is over.

(2) The above decision of the High Court imposed a heavy strain on the Revenue Department staff in the matter of levy of assessments as a number of provisional assessments had to be levied during the brief time between the date of the judgment above referred to and the last day of the official year. The amount covered by these provisional

assessments was over Rs. 4,000 which could not even be demanded during the year under report as the 15 days' time limit required by Rule 13 of Schedule IV to the Madras City Municipal Act IV of 1919 had not run out prior to the close of the official year.

(3) It may also be stated here that this decision of the High Court viz., that the tax for a particular half year should be demanded within the same half year. will lead to serious consequences affecting the Corporation revenue. In the light of the judgment, Companies transacting business without the knowledge of the Corporation during a particular half year, assessees who complete the liability period of 60 days with the last day of the official year, employees whose names are not furnished in the returns sent by employers under some misapprehension or other, and the like can never be assessed for the respective half years. This means a big drop in the revenue. To ward off the serious effects, either the assessment should be made during a particular half year in anticipation of the completion of the liability period or the Act should be amended to authorise the Corporation to levy assessments even in respect of previous half years. Levy of assessment in anticipation of the liability period is opposed to the provisions of the Act. The only remedy is to have the Act amended. The question of amendment should therefore be considered at once.

TAX ON CARRIAGES AND ANIMALS.

CURRENT.

10 (i) The net demand under this tax amounted to Rs. 3,06,773 against Rs. 3,12,447-0-0 in the preceding year. Appendix I, Table 5 compares the number of vehicles and animals assessed during the year under several classes of Schedule IV, Part III of the Act with the corresponding figures of the previous year. Besides, column 6 of the table shows the number of Free licenses issued during the year under Sections 118 (a), (b), (f), (g) and (h).

The current collections amounted to Rs. 2,50,795-15-0 which included Rs. 23,878-0-0 received in advance for the following year. The net collections of the year amounted to Rs. 2,26,917-15-0 which with Rs. 22,611-0-0 prepaid in the previous year for the year under report amounted to Rs. 2,49,528-15-0 against an estimate of Rs. 2,52,500. The percentage of collection to demand for the year was 81·34 against 80·85 in the previous year. At the close of the year

there was a balance of Rs. 57,244-1-0 of which a sum of Rs. 9,715 has since been collected and demands to the extent of Rs. 850 have been cancelled.

ARREAR.

(ii) The arrear demand at the beginning of the year for vehicle and animal tax was Rs. 1,63,026-7-5 which by subsequent amendments and additions rose to Rs. 1,74,348-8-5. Of this, assessements amounting to Rs. 59,363-0-0 were found on investigation to be erroneous and were cancelled. Thus the net demand was Rupees 1,14,985-8-5 and of this Rs. 20,691-13-3 were collected and Rs. 35 were written off leaving a balance of Rs. 94,258-11-2 at the close of the year. The percentage of collections to demand was 17·96 against 17·11 in the previous year.

TAX ON CARTS AND OTHER VEHICLES WITHOUT SPRINGS.

CURRENT.

11 (i) The demand under this tax amounted to Rs. 45,196 against Rs. 45,348 in the previous year.

The number of carts voluntarily offered for registration was 9496 against 9251 in the previous year and the number seized under section 127 of the Act for non-registration fell from 2065 to 1779. Of 1779 carts seized for non-registration 1768 were released on payment of tax and 11 carts remained unredeemed.

The current collections inclusive of Rs. 1,264 received in advance amounted to Rs. 44,632. The net collections excluding the advance payment were Rs. 43,368 which with Rs. 1,784 collected in the previous year towards the demand of the year under report amounted to Rs. 45,152 against Rs. 45,124 in the previous year. There was a balance of Rs. 44 which represents Rs. 24 being the tax on 6 carts that remained unredeemed in the godown at the close of the year plus Rs. 20 for 5 carts that were sold on 30-3-1929 and for which sale proceeds were not realised within expiry of the official year.

ARREAR.

(ii) The demand at the beginning of the year was Rs. 259-6-7 which by subsequent amendments and additions rose to Rs 299-6-7. Of this Rs. 134-15-2 were realised. Rs. 8-0-0 were cancelled and

Rupees 15-9-8 were written off as irrecoverable leaving a balance of Rupees 140-13-9 which consists of Rs. 132 being tax due on 33 carts for which demand is outstanding and Rs. 8-13-9 the difference between the unrealised balance and the amount realised by sale of 9 carts.

TAX ON TIMBER.

12 (i) A. COLLECTION.–The gross collections under this head amounted to Rs. 1,50,179-13-1 (Appendix I—Statements III A and B). This amount (a) includes (i) a sum of Rs. 2,076-2-0 relating to the previous year remitted by the collecting agencies during the year under report and (ii) a sum of Rs. 1-10-0 collected in excess by the collecting agencies, and (b) excludes a sum of Rs. 2,239-0-11 being the tax levied and recovered by some of the collecting agencies during the fag end of the year but not remitted to this office till after the close of the year. The gross collections for the year 1927-28 amounted to Rs. 1,50,650-1-5.

The total collections in respect of imports made during the year amounted to Rs. 1,50,342-12-0 against Rs. 1,48,744-10-0 of the last year.

Remittances by the collecting agencies were uniformly satisfactory. The percentage of remittance to demand fell from 98·60 of the last year to 98·51 and this slight fall is due to the absence of any provision to compel all the collecting agencies to remit the whole or a part of the collections effected during March before the close of the official year. The percentage of remittance to the arrear demand stood at 100 as in the previous year (Appendix I—Statements III A and III B).

B. REFUNDS.—Refund of tax on exports granted during the year amounted to Rs. 14,726-4 0 against Rs. 14,019-14-0 in the previous year. The net collections for the year stood at Rupees 1,35,449-12-2 against Rs. 1,36,630-3-5 the actuals of the previous year.

In addition to the refund of Rs. 14,726-4-0 paid from the current collections on account of timber exported from imports made during the year a sum of Rs. 13,906-8-0 was refunded from the collections of the previous years under the head of " Refund of other than current collections."

The total refunds (both current and other than current) made during the year amounted to Rs. 28,632-12-0 which was considerably less than the amount refunded during the last year. This decrease is due to the prompt and quick disposal of applications during 1927-28 leaving few applications to be disposed of during the current year.

C. GENERAL (i) BYE-LAWS.—Bye-laws were strictly enforced. 48 hours' notice of the intended exports was insisted upon in all cases. The operation of Bye-law 12 which required the submission of export certificates by the collecting agencies within 48 hours from the date of export was suspended by the Council during the year as that bye-law could not be enforced either against the applicants who were not in any way responsible for its violation or against the collecting agencies who could not be forced to observe it owing to the absence of any provision to that effect in the agreements entered into with them. The Government approved of the suspension of the operation of the said bye-law and advised its amendment at an early date. The question of amendment is now before Council.

(ii) INSPECTIONS.—The consignments were all inspected prior to despatch and the measurements were carefully checked with the original copies of specifications. The Revenue Officer and the Assistant Revenue Officer often made surprise inspections which acted as an effective check on the Assessor's work.

(iii) CIVIL SUITS.—During the previous year two suits for the refund of timber tax filed by Messrs. Ewing & Co., and V. M. Raghavalu Nayudu & Son were decided by the original side of the High Court in favour of the Corporation holding that bye-laws were valid. During the current year the plaintiffs appealed against the judgment of the original side and the cases are pending disposal.

TOLLS ON VEHICLES AND ANIMALS ENTERING THE MUNICIPAL LIMITS.

13. The right of collecting tolls was sold by public auction for Rs. 85,000 as against 81,000 in the previous year. This is the highest amount realised during the past 25 years and the increase is due to the wide publicity given long before the date of auction and the steps taken to prevent combination among the bidders. Out of the bid amount of Rs. 85,000, a sum of Rs. 84,171-7-0 was recovered from the Contractor during the year under report, leaving a balance of Rs. 828-9-0 which has since been recovered.

A sum of Rs. 5,744 was as usual paid to Saidapet Municipality under G.O. No. 724 L & M., dated 22nd March 1923.

DUTY ON TRANSFERS OF PROPERTY.

CURRENT.

14. (i) The duty on transfers of properties under section 98(h) of the Madras City Municipal Act IV of 1919 was levied as before at 1½o/o under G. O. No. 551 M dated 24th April 1920 as amended by G.O. No. 4081 L & M Press dated 21st September 1926.

(ii) The gross collections for the 3 quarters ending on 30th June 1928, 30th September 1928 and 31st December 1928 amounted to Rs. 1,00,603-3-0. Out of this, a sum of Rs. 2,515-1-0 being 2½o/o of the collection was credited to Government for the collection of the duty as per G. O. No. 272 L & M Press of 9th February 1922. The net collections therefore amounted to Rs. 98,088-2-0.

ARREAR.

(iii) The gross collections for the quarter ending 31st March 1928 amounted to Rs. 29,897-7-0. After deducting Rs. 747-7-0 credited to Government for the collection of the duty a sum of Rs. 29,150-0-0 was realised under arrear.

ENTERTAINMENTS TAX.

15. The Council resolved on 5-12-1928 to levy an Entertainments Tax under Section 3 of the Madras Local Authorities Entertainment Tax Act V of 1927 from 15-1-1929 at the maximum rates in Section 3 (3) on all payments not less than six annas for admission to any theatre, cinema, circus or exhibition and at 25 per cent of the payments for admission to other kinds of entertainments. The Entertainments Tax was accordingly levied during the last 2½ months of the year under report. The demand fixed till 31-3-29 was Rs. 9,566-8-2. The collections amounted to Rs. 9,381-13-0. The balance outstanding on 31st March 1929 was Rs. 184-11-2 which has been since collected. The percentage of collection to demand on 31-3-1929 is 98·07.

The tax was introduced after the close of the Christmas season. Payments for admission for less than six annas had been exempted by the Council and therefore there was no tax on 88 percent of the Cinema visitors. In certain picture-houses more than 97 per cent are generally

in seats the fee for admission to which is less than 6 annas. In six cinemas out of nine the the persons in four annas and two annas classes exceed 91 per cent of the total number of visitors. The levy of the tax was thus restricted to a small fraction of those who visited the Cinemas. Then the theatres reduced the price of admission to a little less than six annas, drew full houses, totally escaped the tax and adversely affected even the attendance at the Cinemas. Only one professional theatrical company whose Hindustani plays appealed to but a small section of the City population, gave performances in the last month and paid Rs. 1,298–12–0 as tax. The great majority of the Kalakshepa Sabhas suspended their entertainments, and the very few that held them claimed exemption and disputed liability. The dispute had to be referred to Government for decision under Section 7 (2) of the Entertainments Tax Act. The decision of the Government was not received till after the 31st March and there was little or no income from the societies giving musical discourses. No Entertainments Tax was levied on the Guindy races. The Government have deferred consideration of the question till the middle of the year 1929–30 and they have since been reminded.

REVENUE DERIVED FROM MUNICIPAL PROPERTY AND POWERS APART FROM TAXATION.

CURRENT.

16. (i) RENT OF MUNICIPAL LANDS AND BUILDINGS: The gross demand under this head was Rs. 65,153-9-4 against Rs. 58,755-12-9 in the preceding year and the net demand was Rs. 60,687-1-4 after deduction of Government share and other adjustments. The increase in the demand is chiefly due to the income derived from the South Indian Athletic Association within the year in respect of the Park Fair dues for the year 1928–29 and other new leases. The gross collection was Rs. 58,671-12-4 and the net collection excluding the advance rent of Rs. 602-15-11 amounted to Rs. 54,205-4-4 against Rs. 48,465-2-4 in 1927–28. The percentage of gross collection to the gross demand was 90.

The demand for lease of the bunks was Rs. 17,485-9-0. The net collection excluding the advance rent of Rs. 5,152 amounted to Rs. 15,378-0-2. The percentage of collection to the demand was 87·94. The total net demand under the above heads was

Rs. 78,172-10-4. The net collection excluding the advance rent of Rs. 5,754-15-11 amounted to Rs. 69,583-4-6. The percentage of gross collection to the gross demand was 89·6 as against 86 in the preceding year.

ARREAR.

The demand under this head including bunks was Rs. 16,125-4-6 and the collection amounted to Rs. 10,674–11–0. A sum of Rs. 4,219-2-11 is covered by civil suits. The percentage of collection to the net demand after deducting the amount covered by civil suits is 89·65.

(ii) MOORE MARKET.—The income amouted to Rs. 43,186-0-11 as against Rs. 44,708-13-9 in the previous year. The collections were made at the lower rates as in last year. The fall in the income during the year under report is due to the fact that the open space to the north of the Moore Market and south of the South Indian Athletic Association Grounds was not leased out to temporary hawkers during the Park Fair season. The rents for the stalls were enhanced from February 1927 and the stallholders appealed against the enhancement. The Standing Committee (Taxation and Finance) having confirmed the enhanced rent, steps are being taken to collect rent at the enhanced rate from the stall holders.

(iii) DISTRAINT FEES.—A sum of Rs. 231-3-6 was realised under this head. There were 119 distraints as against 157 in the previous year.

(iv) INCOME FROM LICENSE FEES.—The income under this head amounted to Rs. 1,87,834-12-4 as detailed in Table No. 31. Appendix II against Rs. 1,79,545–14–3 in the previous year. The total number of items dealt with was 30,968 against 27,644 in the previous year.

SUITS.—The Letters Patent Appeal filed by the Corporation against the decision of the High Court disallowing the claim of the Corporation for license fees for erection of machinery etc., by the M. E. S. C. and M. E. T. Ltd.. was not taken up for disposal during the year. The suit filed by Messrs. Spencer & Co., for refund of fees paid by them for storage of spirits was decided against the Corporation

and an appeal preferred against this judgment also met with the same result. As a consequence of this decision, refunds to the extent of Rs. 3,346-8-7 were made. A suit was filed by the Burmah Shell Oil Storage and Distributing Co., claiming refund of fees paid by them for their kerbside pumps within the City alleging that the raising of the fee by the Council from Rs. 13 to Rs. 50 was illegal and unauthorised. This suit is still pending.

BUNKS (INCOME FROM R. M. L.)—There were 75 Corporation bunks during the year. The rental income from these amounted to Rs. 17,486-7-6 during the year. The leases of 35 bunks expired during the year, and the right to occupy these and some other new sites for bunks was auctioned on two occasions. There were very few bidders and the bids were very low. There are 56 bunks now under occupation and the remaining 19 are lying idle. The result of the auctions was discouraging and it was found that the income from these bunks was not commensurate with the labour involved. A proposal to discontinue the system and sell the unoccupied Corporation bunks is pending before the Standing Committee.

(v) GRANTS AND CONTRIBUTIONS:—A sum of Rs. 18,001 as detailed below was received from Government as grant and contribution during the year :—

(1) Rs. 4,219 for the repair of the bridges over the Cooum and Buckingham Canal,

(2) Rs. 13,607 towards compensation for withholding sanction for the issue of licenses by the Corporation for places used for the sale of spirituous and intoxicating liquors and

(3) Rs. 175 for the payment of batta to pregnant women in Raja Sir Ramasamy Mudaliar's Maternity Hospital.

CURRENT.

(vi) (a) PAYMENT FOR WATER SUPPLY FOR NON-DOMESTIC PURPOSES:—The demand under this Head amounted to Rs. 6,01,790—8—0, as against Rs. 6,26,762—12—0, in the previous year. The current collections towards the above demand amounted to Rs. 5,26,844—13—4 and a sum of Rs. 793—8—0 was adjusted towards the current year's demand from payments made during the previous years. The balance

left uncollected at the end of the year was Rs. 74,152-2-8, this high balance being chiefly due to the withholding of the payment of Rs. 50,868-4-0 by the M. & S. M. Ry. Co., who requested that this amount should be set off against the refund of property tax which they claimed from the Corporation, in consequence of the recent decision of the Madras High Court. The matter is under correspondence. A sum of Rs. 1,002-1-10 was received in advance during the year under report. A sum of Rs. 2,412-8-0 was refunded during the year under "water supply."

ARREAR.

(b) The arrear outstanding at the beginning of the year was Rs. 29,270-4-0 which rose to Rs. 29,369-8-0 on account of subsequent revisions. Out of this arrear amount, a sum of Rs, 22,730-12-0 was collected during the year and Rs. 555—0—0 was adjusted from payments made during the previous years, thus leaving a balance of Rs. 6,083—12—0, uncollected, during the year. A sum of Rs. 1,870 was written off by S. C. (T & F) at their meeting held on 8—3—1929.

(vii) GRASS FARM:—The Grass Farm at Tondiarpet was taken on lease by Mr. O. Sundaram Iyer for a period of three years from 15—4—1927, on an annual rent of Rs. 6,500 payable in monthly instalments of Rs. 541-10-8. He was permitted to use two pumping plants of the Corporation on payment of a monthly rental of Rs. 75. A sum of Rs. 1,053-5-4 towards the lease of the Farm and Rs. 150 towards the hire of the above pumping plants were paid by the contractor and the balance remains unpaid, in spite of several demands made, on the ground of his having preferred an appeal to the Standing Committee to grant him a rebate of Rs. 3,000 per year, on account of his alleged loss. Revenue derived from the lease of the Farm and the hire of the Pumping Plants, has been detailed in Statements III-A and III-B in Appendix I.

17. GENERAL INCIDENCE OF TAXATION:—The incidence of taxation per head of population under all taxes inclusive of tolls was Rs. 7-8-2 as against 7-2-9 in the previous year. Exclusive of tolls collection, the incidence was Rs. 7-5-9 as against 7-0-1 in the previous year.

DEPOSITS AND ADVANCES ACCOUNT.

DEPOSITS.

18. This account which exhibits transactions relating to Corporation Stores and Workshops, the payments made on account of sinking fund for loans raised in the open market and the security deposits of the Corporation servants and contractors etc., opened with a balance of Rs. 37,66,535-15-9. The receipts during the year amounted to Rs. 16,86,424-13-9 and the expenditure to Rs. 13,47,472-1-5, leaving a balance of Rs. 41,05,488-12-1 at the close of the year.

ADVANCES.

At the beginning of the year, a sum of Rs. 1,75,624-2-3 was outstanding of which permanent advances held by the several officers. of the Corporation amounted to Rs. 1,16,923 and miscellaneous advances to Rs. 58,701-2-3. The permanent advances are represented almost entirely by the money invested in the stock at Corporation Stores and the miscellaneous advances include payment made on account of amounts for which bills have been sent out, amount paid in advance or in deposit but awaiting adjustments. During the year fresh advances were made to the extent of Rs. 60 under permanent and Rs. 2,29,656-9-6 under miscellaneous and Rs. 2,45,016-2-4 were adjusted, leaving a balance of Rs. 1,16,983 under permanent and Rs. 43,341-9-5 under miscellaneous or Rs. 1,60,324-9-5 in the aggregate against Rs. 1,75,624-2-3 at the end of the previous year.

SPECIAL GOVERNMENT GRANTS ACCOUNT.

The balance at the beginning of the year was Rs. 16,693-2-6 The expenditure during the year amounted to Rs. 15,993-2-6, leaving a balance of Rs. 700 at the close of the year.

EXPENDITURE.

Public Works—Capital Works Communications (1) Roads—

Acquisitions.

19. There was no amount available under "Revenue Funds" for "Capital Works". They were provided for, under "Loan Funds" but the Government refused to sanction the raising of the loan. Out of the amount sanctioned by S. C. (T. & F.), for Incomplete Works of the previous year, and that sanctioned by the Council as Supplemental Grant, for works coming under the above Budget Head, which amounted to Rs. 11,668, a sum of Rs. 747 was expended during the

year under report, the reason for such a low expenditure, being due to most of the acquisitions pending either with the Standing Committee, or, the Council, or the Collector, as will be seen from the II-A Statement.

PUBLIC WORKS—EXPENDITURE—ORDINARY.

20. The total expenditure incurred on the reform of roads, including tarring, cost of departmental quarrying, maintenance of bridges, culverts, &c., amounted to Rs. 4,69,940, against the allotment of Rs. 4,88,340.

Departmental quarrying of road metal from Pallavaram was satisfactory. Want of additional storage places and sidings in the City, which act as a handicap to the increased import of metal from the quarries, continued to be felt. During the year under report, the Corporation was not able to obtain a siding at Chetpet. It is hoped with improved finances to improve and speed up the progress on road reform.

12,50,663 c.ft. of metal was quarried during the year. The total quantity of metal issued to Overseers from Periamet, as check-measured on road-sides, was 11,24,026 c. ft.

REFORM AND REPAIRS OF ROADS.

21. During the year under report, 1 fur. 134 yds. of roads were metalled for the first time, while, the length of roads reformed was 38 miles, 5 furlongs and 21 yards—excluding that of roads regraded with a thin layer of metal to a length of 10 miles, 1 furlong and 66 yds.

The total number of squares reformed was 47,240 (vide Appendix II Table Nos. 23 and 24).

The following tabular statement shows the quantity of Blue metal spent on Reform and patching of roads.

	Reform.		Repairs.	
Kind of metal ...	1928–29.	1927–28	1928–29	1927–28
Blue Granite ...	8,53,737	8,02.610	2.32.111	253253

The cost of reform including materials and laying out, exclusive of rolling and patching, was Rs. 1,69.859.

The cost of road reform amounted to nearly Rs. 4396 as against Rs. 4029 per mile, in the previous year.

Below is a comparative statement of the areas (in squares) of roads of different thickness reformed with blue granite:—

Thickness in inches.	1928–29.	1927–28.
1	5,960	4 597
2	28,351	18 856
3	9 261	17 851
4	3 668	270

TARRING OF ROADS.

22. 7 miles 4 fur. 21 yds. 1 ft. of roads were tarred for the first time while, the length of roads that were retarred came to 6 miles, 6 fur. 34 yds. and 2 ft.

The total length of tarred and bitumened roads in the City at the end of the year was 64 miles 7 fur. 131 yds. and 2 ft. The advantages of roads treated in this manner, are, now being realised and there is an increased demand for making the roads dustless, which is being met as funds permit.

TRANSPORT OF METAL.

23. No additions were made to the existing fleet of Petrol lorries, Sentinel Waggons, &c., used for the conveyance of metal to the various divisions of the City.

BRIDGES, CULVERTS AND FOOT PATHS.

24. The bridge over the Buckingham Canal in the 20th division was repaired and the Napier Bridge in the South Beach Road was painted. Manaly Bridge was provided with concrete flooring and the floor of the old bridge at the Otery Dumping Ground, was remade. The work of protecting the piers of the Adyar Bridge reported to be in progress last year, was completed this year. Council sanctioned the proposal to contribute Rs. 50,000 towards the widening of the General Hospital Bridge, as requested by the Government and this amount has been provided for, in the Budget for 29-30, under "Loan Funds."

The culvert at Nungambakkam High Road was widened and that in Modavakkam Tank Road, was extended. Footpaths in the General Hospital Road and other places were repaired.

BUILDINGS, CAPITAL AND ORDINARY.

Particulars.	Allotment.	Expenditure.
	Rs.	Rs.
1. Revenue funds.	66,213	44,671
2. Loan Funds.	9,480	3,150
3. Special funds.	410	120

25. Rs. 15,289 was spent on Capital works and Rs. 32,652 was spent on ordinary works.

CAPITAL WORKS (REVENUE ACCOUNT).

Works Carried out for the Health Department.

The construction of a convertible latrine of 6 seats in Thiruveethiammen Koil Street, reported to be in progress last year, was completed this year. The bathing fountain proposed to be constructed at the junction of Talayari Street and Pycrofts Road but not commenced last year, was commenced and completed this year. The construction of a shed for the lorry station in Anna Pillai Street, which was in progress last year, was completed during the year, under report.

Improvements were effected to the Lethal Chambers at Krishnampet and Basin Road. Construction of a Veterinary shed in the Zoo, for which, a sum of Rs. 6200 was sanctioned as Supplemental grant, was in progress, while, the western side of the Evening Bazaar, was provided with sunshades.

OTHER REMUNERATIVE ENTERPRISES—LAND DEVELOPMENT—BUILDINGS—LOAN FUNDS.

No new works under the above Budget Head were undertaken this year except the arrears of last year, the details of which, are found in the II-A Statement.

With a view to relieve congestion and to improve the sanitary conditions of the City, the Corporation requested the Government to sanction the raising of a loan of Rs. 1,50,000 for housing the poor. Since the Government refused, the Corporation at a Special meeting held on 22—1—29, resolved to request the Government to give them a free grant of Rs. 5,00,000 for housing the poor, to be spread over three years, and the resolution was communicated to the Government.

MAMBALAM TOWN PLANNING SCHEME.

26. Out of the allotment of Rs. 2,87,000 the expenditure incurred was Rs 1,10,596.

Considerable progress was made in respect of the above scheme, during, the year under report. About 372 grounds of land within the acquired area, were sold in public auction, realising Rs. 1,19,582.

The following are some of the main items of works carried out during the year.

1. Formation of S9 Road from Gopathy Narayanaswamy Road to Mount Road, and Venkatanarayana Road from the Civic Centre to the tank-bund near the Saidapet Toll Gate, to a length of about 6 furlongs.

2. Reform of the main and subsidiary roads to a length of 3 miles, a detailed statement of which, is found in Appendix II Table No. 26.

3. Reivetting the main drain channel to a length of about 500 feet south of Sir Theagaraya Road.

4. Construction of a culvert of 3 vents of 8 feet span each in Venkatanarayana Road.

5. Converting an area of about 4½ acres of land comprised in S. Nos. 36 and 41 (parts) of Puliyur into a Park with a compound wall all round, a band-stand in the centre, and a well of 8' diameter fitted with an aeromotor.

6. Plantation of avenue trees in some of the main roads and all round the Park. The function of opening the Park, named after the Late Rajah of Panagal, was performed by H.E. the Governor of Madras, on Thursday, the 8th November 1928.

Buildings are springing up in various parts of the scheme area. Those within the Postal and Triplicane Society colonies, have almost been completed, while, the area of 200 grounds allotted to the Corporation Officials' Co-operative Building Society, is fast being filled up with buildings.

Electric lighting for the whole area has yet to be given. Work, on this, is in progress and the area is partially lighted.

CHOOLAI DEVELOPMENT SCHEME.

27. As stated in the previous Administration Report, the above scheme is expected to be taken up after the completion of the Mambalam Scheme.

LAND DEVELOPMENT—REVENUE FUNDS.

Council on 22-5-28 realising the necessity for a Civic Survey and Town Planning, sanctioned a sum of Rs. 5000 and the necessary staff was entertained in the last week of July, and they were engaged in the following, during the year under report.

1. Housing and economic survey of about 20 cheries as given below, has been completed, furnishing detailed statistics and up-to-date plans of the cheries with a view to suggest schemes for improvements.

Divisions.	No of cheries.
1	1
2	2
3	3
5 & 6	1
17	1
18	1
19	1
21	1
22	2
23	1
24	1
28	1
29	4
	20

2. Housing and economic survey of Kosapet, Mylapore, which was affected by fire during 28-29, with proposals for relaying the area.

3. Housing and economic survey of Obrapalayam in Mambalam.

4. Economic survey of the squatting population in that part of the City between North Beach Road and Wall Tax Road, Ebramji Sahib Street and General Hospital Road with a view to formulate proposals for housing them.

5. Housing scheme in Slaughter House Road, Tondiarpet.

6. Housing scheme in the abandoned sewage farm to house the people in Bogipalayam.

7. Traffic survey was conducted at the principal centres of traffic within the City including Railway level crossings and over-bridges and important road junctions, such as, Esplanade Road, Round Tana and General Hospital Road Bridge.

EXPENDITURE—ORDINARY.

Repairs and improvements done to the Corporation buildings during the year, are given in detail, in Appendix I, Statement No. II-A.

EXPENDITURE —CAPITAL—WATER SUPPLY LOAN FUNDS.

28. WATER DISTRIBUTION SYSTEM:—During the year under review, about 10.3 miles of street mains were laid as against 6.2 miles last year. Of this 7.7 miles were laid with new pipes and 1 mile with old pipes. Vide Appendix II, Table Nos. 28 & 30. The balance of 1.6 miles represents the mains laid under the Corporation supervision, by the M & S M Ry. Co., at their cost in connection with the provision of Water supply to the Tondiarpet Salt Depot. It is proposed to take these mains over, as street mains and pay the cost to the Company.

The works executed form part of the estimate for Rs. 2.82 lakhs sanctioned in G. O. No. 2371 L & M Mis dated 3-6-26 and the estimate is completed. Another estimate for Rs. 2.50 lakhs for further urgent pipe-laying works, has been submitted to the Council for sanction.

During the year under report, the Corporation did not receive any grant or loan from the Government for the water supply and Drainage Schemes. A loan of Rs. 4 lakhs, was asked for, and the Government while recording the Budget estimate for 28-29 in G. O. No. 4244 Mis. L. & M., dated 22-10-28, promised a loan of Rs. 5.5 lakhs, but no loan was actually granted as the question of repaying the annual instalments of this loan, remained undecided. With regard to the payment of grant for the water supply and Drainage schemes, the Government wanted detailed information as to the amount of grant still due from the Government on account of expenditure on those items of water supply and Drainage works for which Government had

undertaken to give half grant. Necessary information was furnished up to the end of 31-3-28, and Government Orders as to the payment of the grant, are awaited.

CONTRACTS.

Contract M. & M. No. 2 entered into with Messrs. Massey & Co., for the supply of C. I. pipes manufactured by the Pont A. Mousson Pipe Co., and Sluice Valves of British Make, to the value of about of Rs. 50,000, (31,500 feet pipes and 120 Nos. 4" sluice valves) was completed, and a fresh contract M. & M. No. 3 was entered into with the South Indian Export Co., Ltd., Madras, to the value of Rs. 1,09,380 for the supply of 57,600 feet of pipes and 570 Nos. of sluice valves as per Council's sanction dated 7-12-28. The pipes have all been delivered and tested and paid for. The sluice valves, however, remain to be supplied.

SPECIAL WORKS DEPARTMENT

General.

29. During the year most of the indoor and outdoor technical staff were employed in preparing revised estimates for works required to complete the comprehensive scheme of drainage. The estimated value of the works amounts approximately to Rs. 100 lakhs.

At the end of the year, Mr. Ireland's Report on the City Drainage Works together with the further remarks of the Sanitary Engineer was received from Government who have called for the views of the Corporation thereon.

EXPENDITURE.

The net expenditure on new works and the budget estimate figures for 1928-29 including subsequent allotments are set out in the following statement.—

	Drainage works Rs.	Establishment Rs.	Total Rs.
Budget estimate including subsequent allotments ...	4,95,000	1,12,360	6,07,360
Actual expenditure ...	2,60,238	99,154	3,59,392

DESCRIPTION OF WORKS.

South Mylapore Area.

30. In the South Mylapore Pumping Station, 24" pipe connections between the suction, screening and collecting wells are in progress.

About 4,310 feet out of the total length of 5,390 feet of the 12 inch pumping main has been laid and the work is nearing completion.

North Mylapore Area.

PUMPING STATION:—The Engines and pumps have been maintained by the Contractors and found to work satisfactorily. All spare parts and rejected parts have recently been received. As the contractors have not come to any satisfactory arrangement regarding the Venturimeter, action is now being taken to cancel the contract and purchase it at their risk.

Some minor works such as, painting doors and windows, road making, covering over pipe trenches with reinforced slabs, provision of a flush-out latrine, construction of a fresh water tank etc., have now been completed. Arrangement has also been made for pumping out water from this fresh water tank to the overhead tanks. This has avoided the use of several thousands of gallons of filtered water per month.

SEWER LAYING—EAST INTERCEPTING SEWER: After the acquisition of land which has taken more than three years, the work was re-started and proceeded with as rapidly as possible along the cocoanut tope and across the Buckingham Canal. The total length of 15" sewer laid during the period is 1,184 feet.

Considerable difficulty has been experienced by the bad nature of the soil and high sub-soil water very close to the Canal. The work along the Buckingham canal was taken in parts to allow for continuous boat traffic.

WEST INTERCEPTING SEWER:—All branch sewers, shallow as well as deep, intercepted by this, have now been completed. The whole of Mowbrays Road (from Lloyds Road to Alwarpet), all the streets of Alwarpet, Luz Church Road and Luz Church Lane, D'silva Road, Bheemanna Mudaly Street and Lanes, Oliver Street and Oliver's Lane have all been completely sewered.

Many of the bungalow owners in some of the streets mentioned above have now found it convenient to instal first class drainage installation.

ICE HOUSE ROAD AREA:—Most of the works under the urgently required programme have already been completed and no further work was done in this area, during this year, except relaying

a few lengths of old concrete pipe sewers, which collapsed during this year. It is proposed to take up the relaying of the old main sewer along Peters Road during the course of the next year.

GRAEMES ROAD AREA.

PUMPING STATION:—The construction of compound wall has now been completed. Collection well, both the suction wells and both the screening wells have been completely sunk and partly concreted. Interconnection is now in progress.

Superstructure for out-houses with a store room, office room and a workshop room has been completed. Roofing is nearing completion.

SEWER LAYING:—Construction of manholes is now in progress in Graemes Road. Laying of intercepting sewer will soon be started. Detail design of sewers is now going on.

Arrangements are made to provide sewers early in Commander-in-Chief Road.

LANGS GARDEN AREA.

The Engines and pumps have been maintained and found to work satisfactorily. As reported in North Mylapore no satisfactory arrangement has been come to regarding the Venturimeter. Here also minor works such as construction of flush-out latrines, road making and fixing rails for the compound wall have been in progress.

SEWER LAYING — INTERCEPTING SEWER:—The laying of 21" and 18" sewers along Pantheon Road has been completed, the total lengths laid being 312 and 2,135 feet respectively. Owing to frequent complaints from the Superintendent of Museum, the sewer in Halls Road has been extended. In Swami Reddi Cherry all the old sewers have been working very unsatisfactorily. These have now been relaid and the complaint of sewer surcharge has now ceased.

PURASAWAKKAM AREA.

The sewer along Hunters Road has been completed during the period for a length of 927 feet. Owing to the presence of water mains 27" and 42" precaution was taken in timbering and refilling and no damage has occurred.

Patters Street, Patter's Lane, Paddy Fields Lanes and Ananda Vinayagar Coil Street have also been sewered during the period.

LAW COLLEGE AREA:—During this year, sewers were laid mainly in the 14th and 15th divisions. The whole of Law College area has now been sewered except for a few streets, where work is now in progress. House Connections have been completed in all sewered streets.

But all the branch sewers in the 15th division and a portion of the 14th division, are now flowing into the old intercepting sewer in Wall Tax Road. This old sewer has been carefully examined by me and is found to be quite unsatisfactory. The gradients are very flat and there is stagnation almost throughout the day, resulting in constant overflow of sewage into the Buckingham Canal. Hence it is now proposed to relay this old sewer with better gradients and to pump the sewage direct into the pumping main running along Sydenham's Road.

While relaying this existing intercepting sewer, it is proposed to lay it at such a depth as to facilitate a gravitation system of drainage to the General Hospital in case they are not going in for a separate pumping station for pumping their sewage into the Corporation sewers. Proposals for the required pumping station and for relaying the old intercepting sewer are under consideration.

ROYAPURAM AREA.—All branch sewers at present required for drainage of Royapuram area have been completed except in Katchaleswarar Agraharam Streets where the residents do not require underground sewers at present.

Relaying the old intercepting sewer in Broadway will be taken up next.

TONDIARPET AREA.

Some small lanes which came into existence within the sewered area have been very insanitary and frequent complaints were received for sewer laying. These were sewered. The following are the streets sewered during the period:—

Somu Chetty Lane }
Singara Garden 3rd Lane } 2nd Division
Rama Naicken Lane No. 3. }

Kutty Chetty Street in 4th Division.

FLUSH-OUT LATRINES.

31. The hand flushed type of latrines introduced by the Special Works Department are rapidly gaining popularity as is evidenced by the steadily increasing demand for the same. The total number of latrines constructed by this department in private houses up to 31st March 1929 is 528.

CONTRACTS.

32. The following gives a short account of the some of the important contracts now under execution. A statement showing the full particulars of all the contracts is given in table No. 19. Appendix II.

Contracts M & M Nos. 46-A and 47-A are for the supply and erection of sewage pumping machinery for North Mylapore and Langs Garden pumping stations. The contractors Messrs. Siemens (India) Ltd., Calcutta, are going on with the maintenance of the plants which are satisfactory except for the venturi meter. They have supplied all the minor parts.

Contract M & M No. 63 is for the supply of 6,000 cast iron silt catcher buckets of type A and 2,000 of type B. The former was awarded to the Corporation Workshop and the latter to Messrs. B. K. Lahiri & Co., Calcutta. The supply of type A buckets has been completed. As Messrs. B. K. Lahiri & Co., failed to supply 2,000 buckets of Type B, an order was placed with the Corporation Workshop for the supply of the same. The supply has been completed.

Contract M & M No. 65 for the supply and delivery of 1,500 steel sheet piles has been awarded to the General Construction Co., Ltd., Madras who have executed the necessary agreement on the 11th March 1929. The supply is expected shortly.

Contract M. & M. No. 66 for the supply of cast iron manhole covers and frames, cast iron bases for ventilating columns, etc., has been awarded to the Corporation workshop.

Contract M. & M. No. 67 for the supply and delivery of glazed ware pipes and some specials has been awarded to the South Indian Export Co., Ltd., Madras, for pipes manufactured by Thomas Wragg & Sons.

KILPAUK WATER WORKS PUMPING STATION FOURTH UNIT.

The Council in its Proceedings dated 4-9-28, resolved that the Corporation do go in for a fourth unit for the Kilpauk Water Works Pumping Station. A sum of Rs. 2 lakhs has also been provided for, in the budget for 29-30 under 'Loan Funds' for this unit.

In their order No. 5060 L. & M. dated 20-12-28, while reviewing the administration Report for 27-28, Government remarked that it was inadvisable to carry out improvements, such as laying additional water mains and giving house service connections, which, would inevitably increase the consumption of water before a sufficient supply is assured. Government considered that the purchase of the Fourth unit might be deferred until its implications were more fully investigated.

In this connection, it must be pointed out that these works cannot be safely delayed, or, deferred in view of the recommendations of the Adhoc Committee of the Corporation on the City High Mortality Committee's Report. There is reason to believe that High Mortality in the City and the recurrence of Cholera and Typhoid epidemics and other intestinal troubles are not unconnected with a defective and insufficient water supply in certain areas of the City.

The question of adequate storage at source, is also simultaneously engaging the serious attention of the Corporation and the Government. The existing pumping plants have been in use for over 14 years and all the three units need continued attention and heavy repairs. Such being the situation, the city water supply may be jeopardised by failure to provide the fourth unit which should serve as a standby to fall back upon, at times when any of the existing units is under repairs, and one of the two remaining units gives trouble.

It is unsafe to rely altogether on the off-chance of the staff being able to set right every such trouble within a short time. A stoppage of the 2nd engine for 1 hour during morning hours, will result in a serious handicap. The fact that there has been no such prolonged stoppage during the last 8 years, is no guarantee that such will not occur in the future. A fourth unit of Pumping Engine is a necessity, to safeguard the City Water Supply against possible breakdown, and

to ensure that the existing 3 units receive the necessary repairs and attention, of which they are very badly in need.

WATER SUPPLY—REVENUE FUNDS.

THE MADRAS WATER SUPPLY COMMITTEE.

33. The Committee constituted by Government in G.O. No. 4811 L. & M., dated 7-12-27 to examine the problems involved in increasing the supply of water to Madras City, met and discussed the question of acquiring the rights under the Red Hills Lake to an extent of 4000 acres which was estimated to cost roughly 40 lakhs of rupees. The Committee agreed that it was desirable to acquire the ayacut of the Red Hills for which, the Government would have to be indemnified for all losses, by the Corporation. The following proposals were also approved.

1. Raising the bund of the Red Hills tank to plus 46·17.
2. Connecting the Busikal direct to the Red Hills tank by a channel 4 miles long.
3. Investigating the question of underground supply of water of Courtelliar.

The Committee also agreed that it was not desirable to press the investigation of the availability of springs at Karaikalavakkam and that it was not possible to increase the height of the Tamarapakkam anicut without prejudicing the rights of the several ryots.

IMPROVEMENTS TO THE UPPER SUPPLY CHANNEL FROM THE TAMARAPAKKAM ANICUT TO THE RED HILLS LAKE.

In accordance with the resolution of the Council dated 25-4-28 requesting the Government to undertake immediately repairs to the Tamarapakkam Anicut and the Upper Supply Channel on the understanding that the Corporation undertakes to contribute from a minimum third to a maximum half of the total cost, Government, in their order, Press No. 1395-1 dated 26-5-28 sanctioned the estimate of the Chief Engineer for irrigation, amounting to Rs. 86,250 fixing the Corporation's share at Rs. 43,125. This amount was remitted to the Public Works Department in October 1928. The major portion of the work was completed during the year.

BORING OPERATIONS AT RED HILLS AND ALONGSIDE OF THE CONDUIT.

The report of the Sanitary Engineer to Government on the results of investigation was forwarded by Government in their Memorandum No. 43875-I-L & M dated 6-12-28 to the President, Corporation of Madras, who was requested to report the views of the Corporation in the matter.

The investigation disclosed that within 3000 feet of the filter-beds, there is an area of land where there is 36 feet depth of coarse sand containing water almost as fresh and as low in salinity as the Red Hills Water. It is also stated that, there is possibility of this area serving as another "Seven Wells" area from which a moderate supply of 1,00,000 to 3,00,000 gallons a day, may be safely drawn.

If this expectation is realised and we get a third of a million gallons of water every day, that alone is enough to guarantee the water supplied at present to the Buckingham and Carnatic Mills. This quantity may be available even in times of drought. Hence it is to the advantage of the Corporation to exploit this source and take possession of it. The matter was placed before the Council of the Corporation and it is receiving their attention. The natural method of dealing with this source will be for Government and the Corporation to investigate the full possibilities of this conjointly, and develop it as a source of supply to the rural communities of Villivakkam and Ayanavaram which are located close by, and to give the Corporation a right to claim this source in times of severe drought. It is an advantage to the City to be able to see that a satisfactory water supply is provided, for rural communities living in close proximity to its limits, as this will obviate the adverse effects of epidemics of Typhoid, or, Cholera that may spring up there at any time.

CHLORINATING PLANT AT KILPAUK.

The chlorinating plant newly erected at Kilpauk by the Paterson Engineering Co., Calcutta, is in daily use and all the water is chlorinated before it is filtered.

GOVERNMENT EXPERIMENTAL FILTER STATION AT KILPAUK.

The Government Committee on Water and Sewage purification, who were conducting experiments at Kilpauk as to the best method of treating the Madras Water Supply have come to the conclusion that the treatment of the Madras Water at Kilpauk should be by slow sand filtration preceded by filtration through percolating filters. The advantages of the system are reported to be as follows:—

1. The primary percolating filters utilise nature's own method of purification by aeration and biological oxidation and consistently give an effluent of high quality in every respect.

2. The system involves the use of no chemicals of any sort. Chlorination as a routine, is unnecessary.

3. The mechanical apparatus employed, namely, the revolving sprinklers have a simple positive action, and are always visible to the eyes and can be easily maintained and repaired locally.

4. The system does not involve any proprietory process.

5. The work can be executed entirely by the agency generally employed for the construction of the Corporation Special Works.

6. No air compressors, waste water pumps and their auxiliary apparatus are necessary.

7. There will be no waste water losses as understood in mechanical filtration.

8. The whole of the existing slow sand filter beds will be utilised at double their present discharge as an essential part of the scheme.

9. The cost of the proposed plant having a net filter capacity, allowing for filters out of use for cleaning of 20 million gallons daily will actually be less than the cost of the additional slow sand filters which would be necessary to bring the existing slow sand filters and installation up to the same yield.

10. The additional maintenance cost due to double pumping will be considerably less than the additional cost of alum alone in the system advocated in the Special Engineer's note of the year 1923. The work is estimated to cost Rs. 5 lakhs for a plant having a maximum capacity of 22 million gallons daily and an average working capacity

of 20 million gallons daily. The annual cost of maintenance including low lift pumping and maintenance of the slow sand filters is estimated at Rs. 85,000, a lower figure than that would be required to maintain ordinary slow sand filters with the same net yield of water. Besides this, without any additional slow sand filters, the total filter capacity of the filter station can be increased ultimately to 35.8 million gallons daily, by providing additional percolating pre-filters only, at a proportionate increase in cost. The above report of the Government Committee was forwarded in G. O. No. Press 709 P. H., dated 15th March 1929 to the President, Corporation of Madras, to report the views of the Corporation.

BURSTS ON WATER MAINS.

During the year, there occurred 12 bursts on water mains which were rectified, details of which, are given below.—

		Total wastage.
1. 5" main in Kuppam Road	..	300 Gls.
2. 4" main in Arokiyasawmy Mudali Street	..	600 "
3. 3" main in Katchaleswarar Garden Street	..	500 "
4. 4" main in Subramania Mudali Street	..	100 "
5. 4" main in China Bazaar Road	..	1200 "
6. 3" main in Kandappa Chetty Street	..	300 "
7. 9" main in Thatha Muthiappan Street	..	2300 "
8. 4" main in Pulianthope Road	..	800 "
9. 2½" main in Magazine Road	..	300 "
10. 3" main in Kasim Ali Lane	..	400 "
11. 3" main in Chucklers' Hutting Ground	..	135 "
12. 3" main in Chucklers' Hutting Ground	..	60 "

CONSUMPTION OF WATER.

The quantity of water supplied during the year was 6016.94 millions of gallons which is equivalent to nearly 31.29 gallons per head per day. The maximum daily average consumption per head in any month was 33.22 gallons in March 1929 and the minimum was 29.26 in April 1928.

KILPAUK PUMPING STATION.

6016.94 millions of gallons of water were pumped during the year as against 4971.30 millions of gallons in the previous year. The

cost of maintenance of the station including establishment, labour, etc., amounted to Rs. 1,37,352-5-8 as against, Rs. 1,18,179-15-0 last year.

WASTE INSPECTION.

Water Works Overseers in addition to their regular duties inspected about sixty thousand houses and rectified 2400 leaks and defects. The importance of waste detection has been emphasised in the previous Administration Reports. In view of the extension of the Distribution system and increasing demands, its early introduction is urgent.

PRIVATE WATER SERVICE.

During the year, 1471 new house service connections were laid by Licensed Plumbers. Of the existing service connections, 1534 were repaired, cleaned, attended to, renewed, or, extended, through Licensed Plumbers and 1431 leaky taps and 1001 old washers were replaced by new ones. Out of these 1471 new connections, 46 were of the first class and the rest, second class. The total number of house service connections on 31-3-29 was 37247. The total number of meters on house services during the year was 2501. During the year under report, 86 meters were newly fixed and 51 removed. The quantity of water used in excess of free allowance on metered services was 481,432,400 gallons, out of which, the number of gallons supplied for manufacturing purposes was 215,784,367. The net amount collected during the year was Rs. 5,50,577-11-2 as against Rs. 6,55,110-15-5 last year (Appendix II—Table No. 27).

There were 2287 public fountains, 82 cattle troughs and 102 bathing fountains at the beginning of the year. 56 public fountains & 3 bathing fountains were erected and 32 public fountains, 1 bathing fountain, and 3 cattle troughs were removed, leaving a balance of 2311 public fountains, 104 bathing fountains and 79 cattle troughs at the end of the year.

7 valves, 198 stop cocks, 8 hydrants, and 86 meters were fixed. The rainfall and the average water level as furnished by the Public Works Department, is shown in Appendix II—Table No. 25.

The quantity of water supplied and measured at Red Hills during the year was 987,442,839 c.ft., as against 851,096,646 cubic ft. in the previous year.

The cost of maintaining the lake, filter beds, conduits, Kilpauk Shaft, fountains, payment for Red Hills Water, etc., including establishment, amounted to Rs. 2,23,761-15-1, as against, Rs. 2,50;813-6-4 last year.

EXPENDITURE ORDINARY—DRAINAGE.

34. Details of works with their respective expenditure, are given in Appendix I—Statement No. II-A.

DRAINAGE PUMPING STATIONS.

Rs. 1,98,033-14-4 was the amount expended on the maintenance of the Sewage Pumping Stations including establishment, labour, etc., as against Rs. 1,96,830-9-4, in the previous year.

SEWER CLEANING.

Sewers were cleaned to a length of 3,034,757 feet as against 3,240,507 feet in the previous year. 1183 sewer obstructions and 1976 syphon obstructions were removed as against 3000 and 6051 last year. The total quantity of silt removed was 1,79,249 c. ft. as against 2,26,845 c. ft. last year. From October 1928, the conservancy of the syphons is under the supervision of Sanitary Inspectors in charge of conservancy.

The following are the new sewers taken over from the Special Works Department.

Locality.	Length of sewers.	No. of house Connections.
2nd Division.	Ft. 384—	26
3rd Division	Ft. 478—	10
4th Division	Ft. 464—	2
6th & 7th Divisions. (G. T. East).	Ft. 4,431—	350
14th Division. (G.T.C.)	Ft. 983—	51
13, 14 & 15 Divisions. (G. T. West).	Ft. 5,129—	331
17th Division.	Ft. 1,508—	31
29th Division.	Ft. 25,069—	404
Total.	Ft. 38,446—	1,205

In the above divisions before sewer laying, the streets were having ditch, or, side drains. In Kosapet block, the old sewers were scrapped

and relaid with new pipes providing sufficient gradient to have self-cleaning action. Since the introduction of this new system, the Sanitary condition has improved in the above localities.

DRAIN CLEANING.

The total length of main drains cleaned was 6,10,252 feet as against, 3,17,689 feet, while the quantity of silt removed was 261845 c. ft. as against 218472 c. ft. in the previous year. From November 1928, the sewer staff as well, clean the main drains between 11 a.m. and 12 noon.

HOUSE DRAINAGE.

182 house connnections were made this year, of which, 57 were carried out under "Advances Recoverable" and the rest under "No. II Account Deposit."

ADMINISTRATION.

35. NOTICES:—3,399 notices were served under various sections of the Act to prevent misuse and waste of water to remove encroachments, unauthorised constructions, etc., out of which, 2947 were complied with.

ENCROACHMENTS.

36. The work involved in dealing with encroachments has been fully explained in the previous Administration Reports. The application for a special staff though favourably considered and recommended by the Standing Committee, was at the time of this Report, deferred by the Council to the next Budget, i.e., for 1930-31, adding that it might be put up again earlier, if the Commissioner and the Standing Committees considered it necessary. The Overseer in charge of Buildings and Roads, who are already overworked, find it impossible to deal adequatey with the encrochments. Government in their review of the Administration Report of last year have also pointed out the necessity for a special staff to deal with encroachments. It is hoped that the Council will see to the early sanction of the necessary staff.

PERMITS.

37. 2161 applications for permission to construct or reconstruct huts and buildings under sections 248 and 234 of the Act were received and permits were granted in 2054 cases, 243 applications were refused and the rest were either under correspondence or pending payment of license fees. The total amount of license fees collected was Rs. 22,235.

PROSECUTIONS.

38. The number of prosecution cases launched during the year, was 2053 out of which, 1105 cases were withdrawn and 944 pending, while the rest resulted in conviction, which brought with it, a sum of Rs. 68, levied as fines.

PROVISIONAL AND FINAL ORDERS.

39. Under section 256-(1) of the Act, provisional orders were issued in 739 cases and in 340 cases, final orders were issued on account of non-compliance with the former.

EDUCATION.

40. THE STANDING COMMITTEE (EDUCATION) AS CONSTITUTED AT THE COMMENCEMENT OF THE YEAR WAS AS FOLLOWS:—

1. M.R.Ry. A. Ramaswamy Mudaliar, Avl., Chairman.
2. M.R.Ry. M. Singaravelu Chettiar Avl.
3. M.R.Ry. T. Sundara Rao Naidu Garu.
4. M.R.Ry. B. Satyanarayana Garu.
5. Khan Bahadur Haji Hakim Mahomed Abdul Aziz Sahib Bahadur.
6. M.R.Ry. T. S. Natarajam Pillai Avl.
7. M.R.Ry. G. Selvapathy Chettiar Avl.

The vacancies caused during the year by the resignation of M.R.Ry. A. Ramaswamy Mudaliar Avl., M.R.Ry. T. Sundara Rao Naidu Garu and M.R.Ry. B. Satyanarayana Garu were filled up by M.R.Ry. T. R. Kothandarama Mudaliar Avl., M.R.Ry. Sajja Munuswami Chetty Garu and M.R.Ry. G. Rungiah Naidu Garu, respectively. The last mentioned member and Mr. M. Singaravelu Chetty having ceased to be members on 1-11-1928, Mr. B. Satyanarayana and Mr. K. Venkataswami Naidu were elected respectively in their places on 20-11-1928. Mr. T. S. Natarajam Pillai was elected Chairman of the Committee on 6-8-1928 on the resignation of Mr. A. Ramaswamy Mudaliar. Thus at the end of the year the Standing Committee consisted of the following members excepting Khan Bahadur Haji Hakim Mahomed Abdul Aziz Sahib Bahadur whose sad demise occurred on 16-3-1929:—

1. Mr. T. S. Natarajam Pillai Avl., (Chairman).
2. Mr. T. R. Kothandarama Mudaliar.

3. Mr. K. Venkataswami Naidu.

4. Mr. Sajja Munuswami Chetti.

5. Mr. B. Satyanarayana.

6. Mr. G. Selvapathy Chetty.

The Standing Committee held 23 meetings during the year out of which four were adjourned.

EXECUTIVE STAFF.

There was no change in the Executive Staff of the Educational Department. The following Officers continued to hold Office:—

1. M.R.Ry. G. Vandanam Garu, B.A., L.T., Educational Officer,

2. Miss M. M. Swamikannu, B.A., L.T., Lady Superintendent.

GENERAL PROGRESS.

41. The number of Corporation Schools at the beggining of the year was 104. The following twenty-eight schools were opened during the year in rented buildings on the date noted against each:—

1	Corporation Girls' School	Saravana Perumal Mudali Street.	14— 4—1928
2	,, Muslim (G) School	Hussain Maistry Street, Royapuram.	16— 4—1928
3	,, Girls' School.	Palmyrah Depot, Royapuram.	16— 4—1928
4	,, ,, ,, School	Seven Wells Street.	17— 4—1928
5	,, Boys' School	Vepery High Road.	20— 4—1928
6	,, ,,	Seven Wells Street.	26— 4—1928
7	,, Girls' School	Goyathope.	18— 6—1928
8	,, Boys' School	Angalamman Koil Street.	9— 7—1928
9	,, Anglo Indian Girls' chool		10— 7—1928
10	,, Boys' School	Audiappa Mudali Street.	11— 7—1928
11	,, Girls' School	Narasier Street, Old Washermanpet.	12— 7—1928
12	,, Muslim Girls' School	Angappa Naick Street.	18— 7—1928

13	,,	Boys' School	Irusappa Gramany Street.	20— 7—1928
14	,, ,,	,,	Kanni Koil, Kosapet.	23— 7—1928
15	,, ,,	,,	Mount Road, Vannia Teynampet.	25— 7—1928
16	,,	Girls' School	Periamet.	3— 8—1928
17	,,	Boys' School	Kumbalamman Koil Street.	4— 9—1928
18	,, ,,	,,	Ibrahim Sahib Street.	5— 9—1928
19	,, ,,	,,	Singanna Naick Street.	6— 9—1928
20	,,	Muslim Girls' School	Periampet.	10— 9—1928
21	,,	Boys' School	Kodambakkam High Road.	19— 9—1928
22	,,	Girls' School	Narayana Naick Street.	20— 9—1928
23	,, ,,	,,	Madavaram High Road.	4—10—1928
24	,,	Muslim Girls' School	Harris High Road	18—10—1928
25	,,	Girls' School	Nungambakkam.	24—10—1928
26	,,	School	Perambalu Chetty Street.	10—12—1928
27	,,	Boys' School	Ramakrishnan Street.	25— 1—1929
28	,,	Muslim Girls' School	Thousand Lights.	11— 3—192

Thus the total number of schools rose from 104 to 132 out of which 62 are girls' schools as against 34 in the previous year. There has been an all round progress in the Elementary Education provided by the Corporation from year to year statement No. 5 Appendix III.

STAFF.

There were 1054 teachers including 49 Handicraft Instructors and 11 Music Mistresses as against 749 teachers including Handicraft Instructors and Music Mistresses in the previous year. The increase of 305 teachers was necessitated by the opening of the new schools and the rise in the strength of the existing schools.

NIGHT SCHOOLS.

46 Night Schools are being held in Corporation School Buildings out of which 9 are provided with electric lights. These schools are

managed by private philanthrophic bodies such as Social Service League; Poor School Society; Young Mens' Christian Association; Young Mens' Association etc. Over 60 Headmasters and Assistant teachers of Corporation Schools are employed in these Night Schools and many of them are honorary workers.

FREE AND COMPULSORY ELEMENTARY EDUCATION.

Compulsory Elementary Education was first introduced in 4 divisions in the city (i.e.), 24, 25, 26 and 27 with effect from 1st July 1925, and it was extended to 3 more divisions (i.e.,) 28, 29, and 30 from 1st January 1927. By the Order of Government No. 7, M.s. Law (Education) dated 5-1-1928, Divisions 1 to 23 also were brought under compulsion. It will thus be seen that the entire city is now under the operation of the Compulsory Elementary Education Scheme.

ATTENDANCE COMMITTEES.

Soon after the introduction of compulsion in 1 to 23 divisions of the city, steps were taken for the constitution of Attendance Committees in divisions where Corporation Schools are located. The names of members of Attendance Committees for the several divisions, approved by the concerned divisional Councillors, were placed before the Standing Committee (Education) for approval, who at their meeting held on the 31st March 1928, desired that each division should consist of at least one lady member and required classified lists of names of members, according to creed, for each Committee. Accordingly, members were reselected with the approval of the Councillors concerned, giving representation to all communities as far as possible in the respective divisions, and the lists thus revised, were approved by the Standing Committee and the Council, There were difficulties in securing public-spirited ladies to accept the Office of committee members, in some of the divisions, such as 6, 9, 21 and 22.

The Committees for the rest of the divisions, with those formed in 24th to 30th divisions are regularly functioning. Monthly meetings are being held to discuss measures for bringing all children of school age in the city, under instruction and thus make the Scheme of Free and Compulsory Elementary Education a success.

AIDED SCHOOLS.

The Managers of 132 private aided schools in all the 30 divisions of the city were continued to be paid in advance every month, compensation for the loss of fee income on the basis of their average strength in the year 1926-27. The resolution of the Council dated 16-2-1928 "that compensation to the teacher managers be paid at the rate per pupil and that the amount shall be paid on the average strength of the previous school years' could not be given effect to as there was not sufficient provision in the budget. The matter was referred to the Standing Committees (Education), (Taxation and Finance) and the Council, and no decision was arrived at till the close of the year under report.

ATTENDANCE.

The strength and the number on rolls on the 31st March 1929 was 26,642 as against 21,542 in the previous year. A comparative statement showing the strength of the several classes and the increase in the number of schools as well is appended. Admission in schools continues to be free for children of all castes and creeds.

PREVOCATIONAL INSTRUCTION.

In consequence of the refusal of the District Educational Council and the Government, to extend prevocational instruction in Corporation Schools, no handicraft of any sort was introduced in any school during the year under review.

FINANCE.

42. CAPITAL ACCOUNT:—The year opened with a balance of Rs. 15,634-4-10. A sum of Rs. 6,110-14-9 was spent on the acquisition of lands and the construction of new buildings and Rs. 1,791-9-2 on the equipment. The balance left at the close of the year was Rs. 7,731-12-11.

REVENUE ACCOUNT:—The balance at the beginning of the year was Rs. 2,38,821-15-8. A sum of Rs. 2,44,026-11-3 was realized by the levy of Educational Tax at 1¼ per cent during the year and a sum of Rs. 27,130-0-0 was received as grant from Government for the maintenance of the 12 Muslim Boys' Schools and 2 Muslim Girls' Schools and the George Town Play Ground transferred to

the management of the Corporation, and Rs. 2,25,414-9-0 being the contribution paid by Government equivalent to the amount of Education Cess collected during the previous year. The amount of contribution from the Revenue Account was Rs. 2,40,000-0-0. The total expenditure during the year amounted to Rs. 6,59,646-11-5 leaving a balance of Rs. 3,18,481-14-8 at the close of the year. A sum of Rs. 5,89,436-4-0 was spent on the maintenance of the Corporation schools and Rs. 2,761-2-8 on the maintenance of Play Grounds. A sum of Rs. 81,707-14-4 was spent towards the payment of compensation for loss of fee income to the Managers of aided schools in the cumpulsory area of which Rs. 18,913-14-4 was met from the Elementary Education Fund and the rest from the General Funds. In all a sum of Rs. 6,11,111-1-3 was spent towards Education excluding Rs. 48,535-10-2 paid as sinking fund and interest on loans. Statements Nos. 1 and 3 of Appendix III show the financial position of the Education Fund and the expenditure on education during the year.

ACCOMMODATION.

43. There are 132 Boys' and Girls' Schools. Out of these, 45 are held in buildings owned by the Corporation excluding one Corporation building used as additional accommodation for Salai Vinayagar Koil Street School, and the rest are in rented ones. A few of these schools are also provided with additional accommodation as the space in the rented buildings is not sufficient owing to the increase in the strength of the schools. Steps are being taken to acquire sites for the construction of buildings for those schools that are now in rented buildings.

MEDICAL INSPECTION.

44. There are four Medical Inspectors and two Medical Inspectresses for examining periodically the health of the children reading in the Corporation Schools. In case of sickness medicines were prescribed and children were advised to take medicine from the nearest Corporation Dispensary. In chronic cases, children were advised to get themselves treated in the General Hospital or the Tuberculosis Hospital, etc. according to the nature of the case. Pupils suffering from infectious diseases such as itches etc., are seated separately from the rest of the

class. Pupils are given oil baths occasionally in the school premises and oil and soapnuts are freely supplied for that purpose. Hot water is also provided for drinking purposes.

PLAY GROUND.

45. There are six play grounds in the city for the use of the Corporation School Children (play grounds at Egmore, Peoples' Park, Robinson Park, Perembur(Thousand lights and George Town, Out of these six play grounds the last four were started during the year under review. Some of the play grounds are equipped with Swings, See-saws, Gaint-strides, Parallel bars, Horizontal bars, etc. Children are provided with foot-ball grounds, Badminton Courts, Volley Ball Courts, etc., with necessary sport articles to play with.

READING ROOMS.

46. There are three Corporation Reading Rooms maintained by the Corporation one in Thousand Lights, one in Egmore and the other in Triplicane. Contributions are also being paid for Reading Rooms maintained by private bodies.

EXCURSIONS.

47. The pupils of the Corporation Schools were taken as usual on excursions to places of interest such as Menagerie, Port Trust (Custom House) Harbour, Fort Saint George, etc. With the kind permission of the Director of Fisheries, the Corporation School children are admitted free of charge in the Acquarium.

SCOUTS.

48. There are now 28 Troops in different Boys' Schools with nearly 500 Scouts and 26 Trained Scout Masters. Through the strenuous efforts of the Lady Superintendent of Corporation Girls' Schools, the Girl Guiders were formed during the year. The talents of the Scouts and Guiders were exhibited during the Health Exhibition on the day of His Excellency's visit and in appreciation of their work the following prizes were awarded:—

1. Best decorated Lorry Procession—Silver Cup—Awarded to Miss M. M. Swamikannu, B.A., L.T., Lady Superintendent.

2. Play Cards and banner procession—Silver Medal—Awarded to Guiders.

3. Bronze Medal—Awarded to Boys' Scouts.

SANITATION AND MEDICAL SERVICES.

HOSPITALS AND DISPENSARIES.

49. *Rajah Sir Ramaswamy Mudaliar Lying-in-Hospital* *The amount spent on this institution was Rs. 32,242-13-4 as against Rs. 31,835-15-8 in the previous year and against Rs. 37,140 in the Revised Estimate. The number of in-patients treated was 3141 and that of out-patients 5954 against 2983 and 4950 in the previous year :—*

The report of the Medical Officer of the above hospital and the reports of the other hospitals and dispensaries to which contributions were paid by the Corporation during the year under report appear in Appendix IV.

CONTRIBUTIONS.

50 (1). *Vasudevananda Free Ayurvedic Dispensary Samaj, Triplicane.—*

A contribution of Rs. 200 sanctioned in G. O. No. 2353 Mis., L. & M., dated 5-6-28 for 1927-28 was paid during the year under report.

(2) *C. T. Subramanya Pandithar Free Sidda Ayurvedic Dispensary, George Town:—*

A contribution of Rs. 400 sanctioned in G. O. No. 2353 Mis., L. & M., dated 5-6-28 for 1927-28 was paid during the year under report.

(3) *Menjana Dharma Sidda Vydia Sala, Purasawalkam:-*

A contribution of Rs. 100 sanctioned in G. O. No. 2353 Mis., L & M., dated 5-6-28 for 1927-28 was paid during the year under report.

(4) *Pandit S. S. Anandam's Tamil Free Dispensary, George Town.—*

A contribution of Rs. 300 sanctioned in G. O. No. 2353 Mis., L & M, dated 5-6-28 for 1927-28 was paid during the year under report.

(5) *St. Thomas Convent Dispensary:—*

A contribution of Rs. 500 sanctioned in G. O. No. 2353 Mis., L & M, dated 5-6-28 for 1927-28 was paid during the year under report.

(6) *Free Hahneman Dispensary, Royapettah:—*

A contribution of Rs. 100 sanctioned in G. O. No. 2353 Mis., L & M, dated 5-6-28 for 1927-28 was paid during the year under report.

(7) *Free Unani Dispensary, Mount Road:—*

A contribution of Rs. 100 sanctioned in G. O. No. 2353 Mis., L & M, dated 5-6-28 for 27-28 was paid during the year under report.

(8) *P. T .Chengalvaroya Naicker's Free Ayurvedic Dispensary:—*

A contribution of Rs. 500 sanctioned in G. O. No. 2353 Mis., L & M, dated 5-6-28 for 1927-28 was paid during the year under report.

(9) *Vappatur Alwar Chetty Dispensary:—*

A contribution of Rs. 100 sanctioned in G. O. No. 2353 Mis., L & M, dated 5-6-28 for 1927-28 was paid during the year under report.

(10) *Free Unani Dispensary, Triplicane:—*

A contribution of Rs. 1250 sanctioned in G. O. No. 2353 Mis., L & M, dated 5-6-28 for 1927-28 was paid during the year under report.

(11) *The Freiend-in-need Society:—*

A contribution of Rs. 300 sanctioned in G. O. No. 2831 Mis., L & M, dated 11-7-28 for 27-28 was paid during the year under report.

(12) *Depressed classes Mission Society:—*

A contribution of Rs. 100 sanctioned in G. O. No. 2831 Mis., L & M, dated 11-7-28 for 27-28 was paid during the year under report.

(13) *The Anjuman Industrial School:—*

A contribution of Rs. 500 sanctioned in G. O. No. 2831 Mis., L & M, dated 11-7-28 for 27-28 was paid during the year under report.

(14) *The Madras Society for the prevention of cruelty to animals:—*

A contribution of Rs. 200 sanctioned in G.O.No. 3644 Mis., L & M, dated 6-9-28 for 1927-28 was paid during the year under report.

(15) *Health Propaganda Board:—*

A contribution of Rs. 600 sanctioned in G. O. No. 130 Mis., L & M, dated 8-1-29 for 1927-28 was paid during the year under report.

(16) *The San Thome Dispensary:—*

A contribution of Rs. 1,500 sanctioned in G. O. No. 4232 Mis., L & M, dated 19-10-28 for 28-29 was paid during the year under report. The number of patients treated was 13,096 against 11,611 in the previous year.

(17) *St. Patricks Orphange Adayar:—*

A contribution of Rs. 500 sanctioned in G. O. No. 4482 Mis., L & M, dated 8-11-28 for 28-29 was paid during the year under report.

(18) *The Madras pinjirapole:—*

A contribution of Rs. 2,250 sanctioned in G. O. No. Mis. 4001 L & M, dated 4-10-28 for 1926-27 to 1928-29 was paid during the year under report.

(19) *The Muslim High School, Triplicane:—*

A contribution of Rs. 1,250 sanctioned in G. O. No. Mis. 4689 L & M, dated 24-11-28 for 1928-29 was paid during the year under report.

(20) *The 16th Indian Science Congress:—*

A contribution of Rs. 500 sanctioned in G. O. No. Mis. 4047 L & M, dated 8-10-28 was paid during the year under report.

(21) *The Indian Church Council:—*

A contribution of Rs. 3,003 sanctioned in G.O. No. 1687 L and M Mis., dated 14-4-28 was paid during the year.

(22) *The Baby Welcome Centres at Perambur Palayam, Chintadripet and Mirsahibpet.*

A contribution of Rs. 3,000 sanctioned in G.O. No. Mis., 2913 L & M, dated 16-7-28 and G. O. No. 3586 Mis., L and M, dated 1-9-28 was paid during the year under report.

(23) *The All India Agricultural Industrial and Khadi Art Exhibition.*

A contribution of Rs. 1,000 was paid during the year under report.

(24) A contribution of Rs. 50 sanctioned in G.O. No. 2994 Mis., L & M dated 24—7—28 towards the Prize Fund of the Flower Show of the Agri Harticultural Society for the year 1926-27 was paid during the year under report.

ELECTRICAL DEPARTMENT.

STREET ELECTRIC LIGHTING

51. The graph facing this page shows the progress made in street electric lighting up to 31-3-1929.

The tabulated statement given below shows the number of electric lights installed and removed in each year from the commencement as also the length of cable laid for street electric lighting.

Years	Length of cable laid in miles	Number of lights		
		Installed	Removed	Balance
1912–13	10·00	452	...	452
1913–14	11·00	224	2	222
1914–15	12·00	335	...	335
1915–16	20·00	868	8	860
1916-17	5·00	277	8	269
1917–18	6·94	275	1	274
1918–19	17·47	618	...	618
1919–20	17·95	574	9	565
1920–21	27·08	541	23	518
1921–22	31·69	1358	37	1321
1922–23	44·75	580	32	548
1923–24	16·50	584	145	439
1924–25	7·78	2173	297	1876
1925–26	6·50	709	128	581
1926–27	9·73	1164	668	496
1927–28	6·36	1870	2224	354
1928–29	8·08	475	255	220
Total ...	258·83	13077	3837	9240

During the year 1928-29 8.08 miles of Low Tension cable were laid by the Corporation, 475 lamps were installed departmentally and 255 lamps were removed. The total length of mains laid by the Corporation for street electric lighting purposes is 278·18 miles of which 6·00 miles are three phase High Tension Underground cables, 252.83 miles are Low Tension Underground cables and 19.35 miles

are overhead mains. The mains laid by the Madras Electric Supply Corporation up to 31-3-1929 are as detailed below:—

		Miles
1.	High Tension Overhead Mains	6·389
2.	High Tension Underground Mains	60.106
3.	Low Tension Overhead Feeders	7.712
4.	Low Tension Underground Feeders	23.356
5.	Low Tension Overhead Distributors	67·4697
6.	Low Tension Underground Distributors	52·687

The total number of electric lights burning on the 31st March, 1929 is 9,240 as against 9,020 on the same date the year previous to the one under review.

The following statement shows the list of additions and removals carried out during the year as also the places where suspension lights were installed.

STATEMENT SHOWING THE LIST OF ADDITIONS AND REMOVALS EFFECTED DURING THE YEAR 1928-29.

Serial No.	Description.	Fixed.	Removed.	Additional Points.
1	Glow lamp posts	146	33	113
2	Ornamental posts on bridges	6	...	6
3	do in parks	27	...	27
4	do round tanks	10	...	10
5	Suspension lights	47	...	47
6	Double brackets on M.E.T. posts	18	...	18
7	Brackets on M.E.S.C. overhead posts	6	42	—36
8	do Corporation do	6	1	5
9	Short posts	2	1*	1

REASONS FOR THE REMOVAL OF 255 LAMPS.

1 Replacing 166–30 watt lamps by 60 watt demi watt lamps.
2 Do 3–60 do 200 do
3 Do 1–30 do 200 do
4 Removing 1–30 watt lamp on glow lamp post consequent on fixing suspension lights.
5 Removing 32–30 watt lamps on M. E. S. C. overhead posts consequent on fixing suspension lights.
6 Removing 4–60 watt lamps on glow lamp posts consequent on fixing suspension lights.
7 Removing 4–60 watt lamps on M. E. S. C. overhead posts consequent on fixing suspension lights.
8 Removing 3–200 watt lamps on glow lamp posts consequent on fixing suspension lights.
9 Removing 2–200 watt lamps on M. E. S. C. overhead posts consequent on fixing suspension lights.
10 Removing 3–30 watt lamps on glow lamp posts consequent on fixing Park lights.
11 Removing 7–60 watt lamps on glow lamp posts consequent on fixing Park lights.
12 Removing 2–200 watt lamps on glow lamp posts consequent on fixing Park lights.
13 Replacing 2–60 watt lamps by 2–30 watt lamps consequent on fixing Park lights
14 Replacing 2–200 watt lamps by 2–60 watt lamps consequent on fixing Park lights.
15 Removing 2–30 watt lamps on M. E. S. C. overhead postst consequent on fixing bridge lights.
16 Removing 1–60 watt lamp on glow lamp post consequent on fixing bridge lights.
17 Removing 3–200 watt lamps on glow lamp posts consequent on fixing Blazolites.
18 Removing 2–30 watt lamps with glow lamp posts due to Sea erosion.
19 Replacing 1–60 watt demi watt bracket lamp on M. E. S.C. overhead post by a glow lamp post to have effi cien service in Chamiers Road.
20 Replacing 3–60 watt lamps on a short post with triple brackets by a glow lamp post.
21 Replacing 1–30 watt bracket lamp on Corporation overhead post by a glow lamp post consequent on improvements in M. S. M. Ry.
22 Replacing 2–60 watt lamps on glow lamp posts by short posts consequent on improvements in M. S. M. Ry.
23 Replacing 1–500 watt bracket lamp on M. E. T. post by a 500 watt lamp on glow lamp post.
24 Removing 4–30 watt lamps on M. E. S. C. overhead posts consequent on fixing 5 glow lamp posts.
25 Removing 1–30 watt lamp with glow lamp post in Theradi Lane due to the lane having been declared private by igh Court.
26 Removing 1–200 watt lamp on glow lamp post consequent on fixing lights in the triangular bit in Marina junction of Ice House Road.
27 Removing 1–200 watt lamp (change in the hours of lighting).

LIST OF PARKS WHERE ORNAMENTAL LIGHTS WERE INSTALLED.

Divn. No.	Place.	No. of lights.
16	Pulianthope Park ..	3
16	Wadia Park ..	4
17	Venkatanarayana Park ..	6
17	Raghavendra Rao Park ..	7

28	San Thome High Road.
29	Mount Road (from Eldams Road to Toll Gate)
29	Cenetaph Road.
29	Chamiers Road.
29	Pughs Road upto Greenways Road, Buckingham Canal Bridge.

LIST OF STREETS SCHEDULED FOR 200 WATT LAMPS DURING THE YEAR 1928-29.

Divn. No.	Name of Street.
26	Triplicane Tank Square.
29	Mount Road (between Eldams Road and St. George Cathedral Road).

INCOMPLETE WORKS.

20 Double bracket lights sanctioned in the previous years were fixed on the Tramway Centre Poles from Flower Bazaar to Central Station and lit up during this year.

30 suspension lights sanctioned in the previous year were also fixed and lit up in Mount Road from St. George Cathedral Road to Eldams Road.

The Traffic Controller at Body Guard Road junction of General Hospital Road designed and erected during the previous year was put into operation during this year

SPECIAL IMPROVEMENTS.

The King's statue opposite Pachaiappa's College was not clearly visible after dark and hence two flood-light reflectors were fixed on the two lamp posts opposite the statue.

Suspension lights are being installed at important junctions of streets and in all the places where there are avenue trees and very heavy traffic.

ELECTRIC TRAFFIC CONTROL.

52. In addition to the one erected at Body Guard Road junction of General Hospital Road, another Traffic Controller is proposed to be fixed at China Bazaar Road junction of Broadway. The Controller is being manufactured at the Corporation Electrical Workshop and will be erected shortly.

REPAIRS AND MAINTENANCE.

During the year under review, the following sundry works were carried out:—

Number of glow lamp posts painted ..	1654
Number of Overhead posts painted ..	415
Number of suspension light poles plainted ..	102
Number of ornamental posts and Gate lights painted	46
Number of overhead cross arms tarred ..	728
Number of overhead rail posts painted ..	24
Number of posts numbered ..	1843
Number of arc-lamp lanterns painted ..	37

176 glow lamp posts and 2 Overhead posts were shifted owing to re-arrangement of lights, 16 posts were fixed in place of broken ones, 12 glow lamp brackets were renewed, 26 glow lamp posts and 5 Overhead brackets were removed consequent on discontinual of lamps and 974 posts were re-wired.

ELECTRIC STORES.

The total value of materials (Bulbs, wires etc.) on Stores Account on the 31st March 1929 was Rs. 67,725-4-2.

CITY STREET LIGHTING IMPROVEMENTS SCHEME.

53. At the meeting held on 8-1-1929, the Council appointed a Committee to consider and submit proposals for municipalisation of electric supply. The proposal to purchase the Madras Electric Supply Corporation was first considered by the Committee but it was decided that this was beyond the resources of the Corporation.

The Committee then examined the proposal that the Corporation should install its own Generating Station to supply power for street lights. In Divisions 1 to 4 and 16, there are six Sub-Stations (for street lighting) connected with each other by High Tension ring—main and fed with High Tension supply (5000 volts) from the Madras Electric Supply Corporation. A scheme for introducing a similar system in the rest of the City is being prepared so that the Corporation High Tension mains may be connected to the Madras Electric Supply Corporation Power House and may get supply through a meter. It is roughly estimated that the cost of this scheme is about Rs. 11 lakhs. The current bills to the Madras Electric Supply Corporation amount to, at present, Rs. 1,90,000. In 1932, by which period, the scheme, if santioned, would be ready for operation, current bills may amount to Rs. 2,40,000. The rate at which the current is paid for is about Re. 0-1-9 per unit plus a small charge of nearly two pies depending upon the price of coal, so that in all, the price per unit is nearly Re. 0-1-11. The Madras Electric Supply Corporation have been addressed, regarding the rate at which they would charge, for a metered High Tension supply. On the assumption that they would charge one anna per unit there would be a saving of about Rs. 1,00,000 every year in current bills. By investing Rs. 11 lakhs in the execution of this scheme, the Corporation would be saving about Rs. 1,00,000 every year.

Further, the scheme has an additional advantage of enabling the Corporation to take supply from Pykhara later on, if the Pykhara rates are favourable.

ELECTROCUTION OF DOGS.

54. The Council sanctioned a sum of Rs. 7,000 for an Apparatus for electrocuting dogs, during 1929-30. The design of an Electrocuting Apparatus was made a few years ago, but for want of funds the matter was not taken up then. Now that funds have been provided, the Apparatus is being prepared.

BROADCASTING.

55. Arrangements are being made for starting a regular braodcasting service by the Corporation. The objects are:—

(1) To provide radio music especially for the benefit of the poor in the various parks of the City every evening from 5 to 6-30 p.m. At present, the band engaged for providing music in various parks of the City plays by turns at various parks. The proposed arrangement is to make the band play at the Broadcasting Studio and fix Loud Speakers in the various parks of the City, so that every park may have music every day of the week.

(2) To make school life of the boys and girls attending Corporation Schools more interesting by giving them talks on various subjects by wireless; drill at these schools to tunes broadcasted by the wireless will also be conducted, the drill-master giving instructions from the Studio at stated hours in the week.

(3) To broadcast news on civic matters.

(4) Health Propaganda. A large amount of money is now being spent on Health Propaganda every year. Some portion of this amount may be diverted to Wireless.

CAPITAL WORKS, MAMBALAM.

56. As Mambalam area falls outside the old City limits and as the Madras Electric Supply Corporation have license only for supplying electricity within the old limits, the Madras Electric Supply Corporation are unable to lay mains in Mambalam. It may take sometime

before the Madras Electric Supply Corporation find it sufficiently paying to extend their mains to this area. Till then it is proposed to work a small generating plant in Mambalam to supply street electric lights with energy.

153 glow lamp posts and 20 ornamental posts were fixed in Mambalam area of which only 52 glow lamp posts are now lit by laying mains and connecting the same with the Madras Electric Supply Corporation Distributors in Mount Road. An electric Generating Set and Transformers are now on order. As soon as the Generating Set is received, the remaining electric lights will be brought into use.

EXPENDITURE FOR THE YEAR 1928—29.

I. ELECTRIC LIGHTS

	Budget Grant.			Expenditure		
	Rs.	As.	Ps.	Rs.	As.	Ps.
i. Establishment	53,000	0	0	51,271	3	7

AVENUES.

57. There were 13,253 avenue trees at the end of the year, of which 907 were fruit bearing ones. During the year, the number of trees planted was 163. The expenditure incurred under this head was Rs. 4,996.

PUBLIC AMENITIES—PARKS.

58. The recommendations of the Committee constituted by the Council to suggest ways and means for improving the People's Park so as to make it self-supporting, could not be carried out as no provision was made in the Budget.

The tenth annual flower show in the People's Park was held on Saturday, the 16th February 1929, when His Excellency the Governor and Vicountess Goshen visited the show. It was as usual kept open to the public for over a week. In Napier Park, the vacant land west of the Government House Bridge (Willingdon Bridge) was converted into a garden.

The "Loane Square" was renamed "Sriramulu Naidu Park", as resolved by the Council, the garden improved and more electric lights installed therein.

The following are the wayside parks and gardens laid out during the year:—

1. Raghavendra Rao Park where there were only a few margosa trees was reformed into a garden.

2. Park in Ashtabujam Road, was relaid and provided with seats and electric lights. It was named as "Venkatanarayana Park" and opened by the Hon'ble Dewan Bahadur M. Krishnan Nair, Law Member.

3. Park in Ebramjee Sahib Street was extended as far as Broadway.

4. Park in Vellala Teynampet was laid out in July 1928 and opened by the Hon'ble Sir Mohamad Usman Sahib Bahadur on 3-11-28 and named "Narayanasawmy Chetty Park."

5. Park was laid out in Edward Park in Kosapet, Choolai.

6. Garden at the junction of Rundalls Road and Church Road.

7. Park in Puliyanthope.

8. Park near the Baliah Naidu Dispensary, Vepery.

9. Park in Parasurama Mudali Street, 16th Dn., was relaid and named as "Wadia Park" and opened on 8-2-29 by Mr. E. Conran Smith, C.I.E., I.C.S., the Commissioner, Corporation of Madras.

10. Park in Khana Bagh Street, Triplicane, was relaid and named as "Dr. Natesa Mudaliar Park".

11. Two Parks were laid out in Angappa Naick Street and Kandappa Chetty Street, 5th division.

12. Park in front of St. Andrew's church in the Body Guard Road.

Owing to insufficient labour, and water facilities, some of the gardens could not be maintained properly.

The Band of the Madras Guards played as usual 4 times a month in the Marina. The Indian Music, (Nagaswaram) continued to play 15 times a month at the various Parks and places during the year.

The receipts and charges of the Parks are given in the form of Tabular Statements in Appendix II—Tables Nos. 32 to 37.

MENAGERIE.

59. The menagerie in the People's Park continued to be under the Supervision of the Health Officer.

The right of collecting entrance fees from persons visiting the menagerie enclosure for 1 year from 1st April 1928 was sold by public auction and the amount realised from the contract was Rs. 16,900.

The total collection in respect of the menagerie was as follows:—

Entrance fees	Rs.	16,900
Rent for bazaars	Rs.	730

During the year under report nothing had been done to improve the condition of the menagerie by the building of cages or the purchase of animals owing to want of funds.

During the year the supply of animal food was made at the following rates:—

He-goats meat Re. 0-4-3 per lb.

Beef Re. 0-1-3 per lb.

and that of provisions to the value of Rs. 670 approximately for a month.

LIVE STOCK.

(a) ADDITIONS.—

The following animals were born in the Zoo:—

One sambhur

Two spotted deer.

The animals that were presented:—

One green parrot.

One pair doves.

One bottle bird.

Nineteen pigeons.

One guinie fowl-

Six chickens.

Two pairs spotted deer.

One Ibis.

One water fowl.

Animals purchased were:—

One monkey.

One Ratel.

Animals that died from old age or natural causes:—

Two lion cubs.

One fallow deer.

One adjutant crane.

One Rock snake.

One Squirrel.

One Jackal.

One Brown Bear.

The saleable value of the live stock as stood on 31st March 1929 is Rs. 14,716-10-0."

FIRE.

60. There were 93 fire calls during the year as against 110 last year. In 36 cases the engine worked, whereas in the remaining cases, the fires were extinguished before the arrival of the engines, on the scene. The cost of maintaining the three Fire Engines including establishment was Rs. 21,133-2-0 as against, Rs. 25,993-15-11 in the previous year.

SUPERVISION AND MANAGEMENT.

61. The expenditure under this head amounted to Rs. 3,72,673-11-0 and was 7.2 per cent of the total receipts of the year. The portion of this sum spent on establishment for the year for the purpose of assessment and collection amounted to Rs. 2,44,346-6-0 or 4.7 per cent of the total receipts.

REPAYMENT DEBT.

62. The total investments at the beginning of they ear on account of snking funds relating to the several loans of the Corporation exclusive of the Government Loans repayable in instalments, stood at Rupees 33,23,600 in Government securities and Madras Municipal Debentures with a cash balance of Rs. 10,426-11-1. During the year under report, an allotment of Rs. 1,30,030 was made to the sinking fund from General revenues and a sum of Rs. 1,46,675-7-8 was realised as interest on prior investments of the fund. The total cash receipts of the year amounted to Rs. 2,87,132-2-9. With this sum, Government Securities and Madras Municipal Debentures of the face value of Rs. 2,10,000 were purchased at a cost of Rs. 1,87,221. The invest-

ments at the close of the year at the credit of the fund aggregated to Rs. 35,33,600 in Government Securities and Madras Municipal Debenres with a cash balance of Rs. 99,911-2-9.

The loan of Rs. 9 lakhs received from Government in 1918 was discharged during the year. Payments amounting to Rs. 8,40,445-15-0 were also made during the year towards the Governmentloans of Rs. 80½ lakhs, out of which Rs. 5,74,442-12-0 was appropriated by the Accountant-General towards the repayment of loans and Rs. 2,66,003-3-0 towards interest.

REMUNERATIVE ENTERPRISES—WORKSHOP.

63. The total value of works turned out in the workshop during the year was Rs. 1,59,661-15-7 (vide Appendix II—Table No. 38), as against, Rs. 2,03,736-13-7, last year.

The amount earned in the shape of supervision charges, etc., for the year is Rs. 20,728-6-11, as against, Rs. 25,064-9-10 in the previous year.

The cost of establishment amounted to Rs. 15,105-7-7, as against, Rs. 13,930-4-10 in 27-28. The expenditure incurred on account of contingent charges, such as, maintenance, of three engines, cost of tools, leave allowances to workmen, etc., came to Rs. 20,686-14-2 or 12:9 per cent of the value of works turned out as against 16,609-12-3, or, 8.1 per cent of last year. Interest on Capital Outlay was Rs. 2,980-2-11. The total receipts fell short of expenditure by Rs. 18,044-1-9. This shortage is due to the slackness of work in the shop during the year, and also to the non-raising of supervision charges to meet the interest on Capital Outlay. Enhanced supervision charges have been brought into effect from 1st April 1929.

GENERAL STORES.

64. In the matter of purchase of articles tenders were as usual invited by advertisement in the local news papers and by special notices to old contractors. Owing to delay in settling the contracts relating to the stores before 1st April 1928, materials required for immediate use during the interim were purchased from the lowest tenderers. This procedure would have been avoided if all the contracts relating to the year under report had been settled before the year for which the contract was made. The total value of the contracts for the Hardware Schedule amounted to Rs. 3,78,451 and all the contractors furnished 10% of the value of their contract and executed the agreements in conformity with the provisions of the Tender notice. Almost

all the contractors complied with the Stores Indents within the time prescribed. The provisions of the contract as regards the quality of the materials supplied were strictly enforced and in several cases the supplies were rejected and the materials purchased at the risk and cost of the defaulting contractor. In cases of failure to supply within the prescribed time, the contractors were allowed reasonable time consistent with the demand for the material, and failures even after the grant of extension of time resulted in purchases at their risk and cost. In 89 cases risk purchases were ordered during the year.

NON-SCHEDULE ARTICLES:—The requirements of the Corporation General Stores referred to in the General Stores Schedule were purchased from the contractors as mentioned above and in the case of articles which did not find place in the schedule but were required by the departmnets during the year such articles were purchased by calling for quotations from those who had their names registered for supplies of specific materials and by accepting the lowest quotations. A registration fee Rs. 5 for the Official year was collected from the contractors who applied for inclusion of their names in the register for supplying non-scheduled articles and the amount realised by such registration was R.. 285.

DIRECT PURCHASE SYSTEM:—Orders were issued discouraging purchase by departments of any article direct from contractors except through the Stores and this order was as far as possible enforced on all departments.

MEDICINES:—During the year under report all medicines required by the Corporation were obtained largely from the Government Medical Stores and kept at the stores. They were then issued under the authority of the Health Officer to respective hospitals, dispensaries, child welfare centres and cattle depots. The preparation of the estimates of the annual requirements of medicines etc., and the preparation of the annual indents on Government Medical Stores were attended to by the Health Department, while the General Stores acted only as a custodian of medicines, etc., dispensing medicines in retail as per indents placed by the Health Officer and keeping an account of the receipts and issues.

A sum of Rs. 2,000 has been provided in the budget for 1929-30 for the provision of racks and almirahs to the Medical Shed at the General Stores.

GRAIN DEPOT:—The Central Grain Depot from which provisions of horse-gram, wheat bran, and rice are issued to bullocks and conservancy coolies, respectively, continued to be under the

charge of the Stores Officer and the best materials were received under his direct supervision and the statement attached shows the transactions of this depot alone during the year 1928-29. (Appendix IV Statement No. 5).

The following improvements were effected in respect of the Grain Depot:—

(1) During the year one corn crusher was purchased for the Grain Depot.

(2) A sum of Rs. 750 has been provided for in the budget for the current year for replacing the existing engine at the Grain Depot by an electric motor for grinding gram.

(3) There was no separate office room provided for the Store-Keeper and a new one was constructed during the year.

(4) The portion of the Grain Depot in which old furnaces had been erected for boiling horsegram, was in a dilapidated condition and this place was demolished and rendered fit for storage of rice by contractors prior to actual delivery.

(5) The old gate on the western side of the Stores was closed and a new one was opened on the eastern side of the depot to facilitate communication with General Stores.

With a view to economy and better conservancy of the City, orders were issued that the old empty mexphalte drums, steel barrels, hycol drums, bleaching powder and perchloron drums which were returned to Stores as unserviceable should be cut into two halves, or made suitable as house dust bins and issued to divisions on requisitions from the divisional Councillors. The empty drums numbering 3953 were accordingly cut and issued to divisions.

UNSERVICEABLE ARTICLES:—Articles returned as unserviceable by the Heads of departments were kept apart in the Central Grain Depot and sold in public auction under the immediate supervision of the Officer-in-charge of Stores. During the year under report as many as 10 public auctions were held and the total amount realised by such sales was about Rs. 1929 which was credited to the Corporation funds.

KERBSIDE PUMP:—Under an agreement entered into with the Asiatic Petroleum Co., and the Burma Shell Oil Co., the said companies agreed to allow us a rebate of 2 annas per gallon for

supplies taken in bulk, not less than 100 gallons at a time. The Corporation has been purchasing, on an average, 25,000 gallons of petrol per year. The rebate calculated at 2 annas per gallon, yielded a saving of Rs. 3,125 per year which the Corporation had to lose for want of the installation of a Kerbside Pump at Stores for receiving petrol in bulk quantities. With a view to save this loss year after year, a Kerbside Pump and a tank were erected at the Lorry Shed at a cost of Rs. 2,448. The pump was put into operation from the 5th of September 1928 and 12,840 gallons of petrol were pumped into the Corporation Motor lorries and cars direct from the tank. There was a saving of Rs. 1,605 during the year to the Corporation on account of the said rebate.

ACCOUNTS:—Under deposit and advance account, the Corporation granted as usual an advance of one lakh of rupees towards the purchase of Stores and issue of materials to the different departments of the Corporation.

Efforts made to increase this permanent advance to 2 lakhs proved unsuccessful owing to financial stringency, with the result, considerable delay is caused in awaiting supplies from contractors on whom indents for smaller quantities than is actually required are made, which in turn, means delay in the execution of Corporation works. The sooner this difficulty is removed the better it will be for the Corporation.

VERIFICATION OF STOCK:—The test of efficiency of a Store lies in its results in the verification. The annual verification of the General Stores for the year 1928-29 was conducted by the officers of the Corporation, who were not connected with the Stores, even though the quarterly verifications were conducted by the Officer-in-charge of Stores. The annual verification took place from 3rd April to 20th April 1929 during which period Stores had to close its transactions. The value of the articles found short at the General Stores was Rs. 666-12-1 as against Rs. 1,864-8-2, being the value of articles found in excess, as compared with the previous year's figures of Rs. 1,469 and Rs. 3,436-13-0, respectively. The shortages were mostly due to ordinary wastages, driage, etc., which are inevitable in a large transaction of about 2000 items costing about 4 lakhs of rupees.

The quarterly verifications conducted by the Officer-in-charge of Stores during this year received the scrutiny and assent of the Standing Committees.

Corporation of Madras. 28—8—29. } E. CONRAN SMITH, Commissioner.

(a) Excludes excess collection of Rs. 1-10-0.

(b) This amount includes Rs. 75-14-8 adjusted from previous year's advance and Rs 2,750-15-8, from other than current collection.

(d) Excludes Rs. 5 recovered from the peon for the occupation of the peon's quarters and Re. 1 remitted in excess under challan No. 110, dated 11-3-29.

(c) Amount adjusted from the previous years payment.

(e) A sum of Rs. 8-8-0 refunded to the Tax collector not shown here.

(f) Includes Rs. 4,256-7-3 being other than current collection and also Rs. 4,466 8-0 paid to the Tasildar of Madras and others.

(g) Adjusted from last year's payment.

(h) The figures relate to the period from 15-1-1929 to 31-3-29 as the tax came to be newly levied on and from 15-1-29.

STATEMENT III-B.—Demand, Collection and Balance Statement of Taxes &c for the year 1928-29 (*Arrear*).

Description of Taxes.	Arrears of previous years.	Balance of last year.	Subsequent amendments and additions during the year.	Total arrear demand.	Remission on objection by S. C.	Remission on objection by Commissioner.	Net Demand.	Collection.	Percentage of collection to net demand.	Remission. For vacancy.	Remission. Written off.	Percentage of Remission to net Demand.	Balance.	Percentage of Balance to net Demand.

New Works.	751
Repair Works.	1716
	2467

APPENDIX II—TABLE No. 39.

Statement showing some of the more important works amounting to Rs. 1,000 and above executed at Corporation workshop during the year 1928—29.

Item No.	DESCRIPTION OF WORK.	Estimate No.	Order No.	Estimated cost. Rs.	A.	P.	Remarks.
1	Manufacturing 100 C.I. Glow lamp posts with W. I. ornamental brackets.	13	256	6,600	0	0	
2	Do. 500 C. I. stop cock covers and 500 square heads ½" for S.C.	28	227	1,620	0	0	
3	Do. 40 T. W, tables; 200 sitting planks, 160 low desks, 80 chairs and 60 back benches.	29	342	3,720	0	0	
4	Repairing thoroughly steam waggon No. 1 M. C./5415.	42	357	1,760	0	0	
5	Do. do. No. 4 M. C./2079	43	581	1,015	0	0	
6	Repairing 107 Night-soil buckets.	46	579	1,120	0	0	
7	Manufacturing 100 new pattern Night-soil buckets.	51	355	1,500	0	0	
8	Do. 36 C. I. Sluice valve surface hydrants as per blue print and purchasing and fixing 2½" C. K. valves to the above hydrants.	53	410	2,290	0	0	
9	Manufacturing 120 T. W. back benches ; 200 sitting planks ; 100 chairs and 40 tables.	55	610	4,644	0	0	

10	Repairing thoroughly steam road roller No. 2.	74	510	1,708	0	0
11	Do. 4 trailers of super sentinel tractors, one trailer of super-sentinel steam waggon and one trailer of Burrel steam waggon.	56	475	1,011	0	0
12	Manufacturing 200 sluice valve surface hydrants as per blue print.	77	539	2,300	0	0
13	Do. 100 Black boards with easels.	85	741	1,900	0	0
14	Do. 100 C. I. glow lamp posts with W. I. ornamental brackets.	95	731	6,600	0	0
15	Do. 288 C. I. collars of sizes ; 200 C. I. surface boxes with self locking lids ; 122 C. I. Tee branches of sizes ; 60 C. I. valve covers ; 200 C. I. quarter bends of sizes ; 12 C. I. one eight bends and 10 C. I. taper pipes of sizes as per blue prints.	100	788	6,278	8	0
16	Repairing 12 hand wooden carts with wheels and 12 hand wooden cart wheels.	140	983	1,208	0	0
17	Manufacturing 500 C. I. stop cock covers.	146	999	1,500	0	0
18	Do. 50 C. I. glow lamp post without brackets.	175	1268	2,475	0	0
19	Repairing thoroughly Thorny Croft Lorry No. 3 M.C./1468.	205	1199	1,285	0	0
20	Manufacturing 100 T. W. Black boards with easels and 35 almirahs.	221	1452	3,855	0	0
21	Do. 114 C. I. quarter bends of sizes 32 C. I. 1/8 bends of sizes and 14 C. I. taper pipes of sizes as per blue prints.	242	1559	1,920	4	0
22	Manufacturing 120 C. I. Taper pipes of sizes.	244	1619	1,345	2	0

APPENDIX II—TABLE No. 40.

Statement showing the number and description of carts, buckets, etc., manufactured, at Workshop during 1928–29.

Description.	No.	Remarks.
1 Wooden box carts	11	
2 Iron hands carts with buckets	14	
3 Iron night soil buckets with lids	220	
4 Iron square heads	900	
5 Iron tree guards	12	
6 Wrought iron tippers	30	
7 Automatic hand carts	3	
8 Shifting type urinals	6	
9 Cast iron stop cock covers	987	
10 Cast iron straight through junction boxes	100	
11 Cast iron Tee joint boxes	100	
12 Cast iron electric glow lamps posts with ornamental brackets	200	
13 Cast iron ornamental short posts	62	
14 Swan neck brackets for glow lamp posts	24	
15 Cast iron gratings	38	
16 Cast iron waste not taps	75	
17 Cast iron handles for waste not taps	70	Doz.
18 Cast iron ornamental railings	36	Sets.
19 Cast iron hydrants covers	18	
20 Cast iron vaporisers	12	
21 Cast iron impellors	15	
22 Cast iron circular gratings	100	
23 Cast iron surface boxes	200	
24 Cast iron collars 4"	240	
25 Cast iron demi switch boxes	23	
26 Sluice valve surface hydrants	200	
27 Gun metal straight ferrules	985	
28 Gun metal bent ferrules	375	
29 Phcsper bronze springs	100	
30 Galvanized iron buckets	1,400	
31 Bleach mixing barrels	8	
32 Tin watering cans	100	
33 Wooden water wheels	2	
34 Teak wood chairs	206	
35 Teak wood tables	92	
36 Teak wood almirahs	20	
37 Teak wood black boards with easels	102	
38 Teak wood back benches	200	
39 Teak wood sitting planks	400	
40 Teak wood low desks	380	
41 Teak wood shelves	10	
42 Teak wood show cases	2	
43 Teak wood benches	15	
44 Coal Cart	1

Midwives stipended by the Madras Corporation qualified themselves after the prescribed course of one year and were granted diplomas during the year.

From

M.R.Ry. Rao Sahib T. S. Kachapikesa Mudaliar Avl., B.A.,
Honorary Secretary and Treasurer,
San Thome Dispensary, San Thome. Madras.

To

The Commissioner,
Corporation of Madras,
Madras.

Sir,

I have the honour to furnish herewith the 55th Annual Report on the working of the San Thome Dispensary for the year 1928-29.

HISTORY AND ACCOMMODATION.

This dispensary was founded by the late Bishop Strachan M. D., in 1874 to render medical and surgical aid to the general public and to the fishermen community in particular. The dispensary still continues to be held in the same building of the Madras Dioccesan Committee. The dispensary is managed by a local committee of six members with M.R.Ry. Dewan Bahadur G. Narayanaswami Chetty Garu as Chairman and M.R.Ry. Rao Sahib T. S. Kachapikesa Mudaliar B.A., as Honorary Secretary and Treasurer.

INCOME AND SUPPLIES.

The annual contribution of Rs. 1,500 from the Madras Corporation coupled with public subscriptions and donations constitute the income of the institution.

The total income during the year from all sources is Rs. 4,918—3—1. European medicines are usually obtained from the Madras Government Medical Stores and the minor requirements are purchased locally from time to time.

ESTABLISHMENT.

The staff consists of a Registered Medical Practitioner, a compounder and a peon.

WORKING HOURS OF THE DISPENSARY.

The dispensary is kept open daily from 7 to 10 a.m. except on Sundays. However, medical aid can be had at all hours as the Sub-Asst. Surgeon lives in the dispensary premises.

ATTENDANCE OF PATIENTS.

The total number of patients treated during the year 1928-29 is 13096 against 11611 in the previous year. The daily average attendance during the year is 85.87 against 76.12 in the previous year.

MOST COMMON DISEASES TREATED.

Diseases of the digestive system.	2095
Diseases of the respiratory system except pneumonia and Tuberculosis.	1853
Diseases of the stomach.	1008
Malaria.	989
Ulcer.	805
Pyrexia.	945

OPERATIONS.

586 minor operations were performed during the year against 615 in the previous year.

GENERAL REMARKS.

The dispensary maintains its popularity and continues to do good work.

The Committee takes this opportunity to thank the Corporation of Madras for their annual grant, the ladies and gentlemen of Madras for their kind contributions and the Madras Diecesan Committee for allowing the use of their building at a nominal rent.

The Dispensary statistics are appended.

I have the honour to be,

Sir,

Your most obedient servant,

T. S. KACHAPIKESA MUDALIYAR,

Hon. Secretary and Treasurer,

San Thome Dispensary,

San Thome, Madras.

Santhome Dispensary,

Santhome.

Madras 11th May 1929.

ANNUAL REPORT OF THE SAN THOME CONVENT DISPENSARY FOR THE OFFICIAL YEAR ENDING MARCH 1929.

1 OUT-PATIENTS.

(a)	Number of new patients.	9771
(b)	Number of attendance	43367

2. IN-PATIENTS.

(a)	Number of admissions	2016
(b)	Number cured	1987
(c)	Number died.	6
(d)	Number discharged otherwise.	80

3. NUMBER OF BEDS. Nil.

4. PRINCIPLE DISEASES—

(a)	Number of admissions.	8321
(b)	Number cured	7012
(c)	Number died	4
(d)	Number discharged otherwise	33

5. CONFINEMENTS. NIL.

6. SHORT REMARKS SPECIAL IN RELATION TO INFANT WELFARE.

A European Sister and two Indian women are employed at our Creche for foundlings—Indian Anglo-Indian or European infants brought to the dispensary or Convent door from the age of a few days or weeks. There are 16 at present below 5 years.

Adjoining the Creche is the Refuge for old and invalid women, There are 25 on an average throughout the year. Two orphanages for Anglo-Indians and Indian Children shelter about 110 destitute girls in each; the total number of inmates amounting to about 500 at the Convent.

The Dispensary is open from 8 a.m. to 11 a.m. and again from 5 p.m. to 6-30 p.m. affording relief to patients of all races and creed without distinction. The average attendance is from 170 to 200 a day.

From

The Manager,
Pandit S. S. Anandam's,
Tamil Free Dispensary,
221, Mint Street, Madras.

To

The Commissioner,
Corporation of Madras,
Madras.

Sir,

In response to your letter G.D.C. No. 446 of 1929 dated 30th April 1929 I have the honour to send you a report on the working of the Free Dispensary in the prescribed form for the year 1928-29.

The total number of patients treated during the year 1928-29 was 9252.

This Free Dispensary was founded in the year 1915 by me to render help to the poor people. Since then I am conducting the dispensary at my own cost and year before last the Corporation of Madras had kindly contributed Rs. 300 as annual contribution for the said year.

The dispensary is kept open daily from 7 to 10 a.m. on all days of the week and urgent cases are attended to at all times.

Personally I attend every case though I keep an able assistant under me. I am practising Siddha System of Medicine and all medicines are prepared in my own pharmacy getting the necessary drugs from the various parts of our country.

Thanking the Corporation for its generous grant of Rs. 300 last time, I request the Corporation to be more liberal this year in fafouring me with the grant as the expenditure I incur by keeping this free dispensary for the poor public is considerably large.

I have the honour to be,
Sir,
Your most obedient servant,
S. S. ANANDAN.
Manager.

The name of the Free Dispensary addressed as Siddha Vaidya Free Dispensary in your letter G.D.C. No. 446 of 1929 and in previous letters is Pendit S. S. Anandam's Free Dispensary 221, Mint St., Madras.

In the previous statement submitted to you on 27th April 1929 the cost of medicines was wrongly calculated and I request you to kindly take the statement submitted herewith to be correct.

S. S. Anandan.

5—5—29

6—5—29

From

The Honorary Secretary,
Vupputur Alwar Chetty Garu's
Free Ayurvedic Dispensary.

To

The Commissioner,
Corporation of Madras.

Sir,

With reference to your letter No. G. D. C. 379|29, dated 18th April 1929, the following is a report showing the working of the dispensary during the official year 1928-29.

I remain, Sir,

Yours Truly,

V. Thiruvengadathan Chetty.

Honarary Secretary.

REPORT.

This dispensary has been in existence under its present name for the past 5 years. It is now conducted by a Board of 6 Trustees. The two statements attached herewith show the details of the diseases and number of patients treated and the receipts and expenses during the year.

17—5—29.

From

The Secretary,

Pachiappa's Charities, Madras,

To

The Commissioner,

Corporation of Madras,

With reference to your letter No. G.D.C. No. 379 of 1929, I have the honour to report as follows on the working of the Chengalvaroya Naicker's Free Ayurvedic Dispensary during the official year 1928-29.

During the current year 174,327 patients including 61,952 new admissions were treated in this Dispensary while in the previous year they were 1,70,610 and 59,802 respectively. The daily average number treated was 478 patients and the highest number treated on a single day was 673.

As against the cost of Rs. 6,833-9-11 for the maintenance of the Dispensary in the previous year it amounted to Rs. 7,114-10-0 during the current year.

Statements showing (1) the details of expenditure incurred and the attendance of patients and (2) the classified list of diseases treated are forwarded herewith. The Dispensary has been doing good work which is evidenced by the fact that inspite of the opening of new dispensaries the number of patients of all communities is increasing every year.

The Trustees while conveying their thanks for the contribution of Rs. 500 granted by the Corporation request that the grant from the Corporation may be enhanced to atleast Rs. 1,000 per annum in view of the Dispensary giving relief to such a large number of patients of all nationalities in this city.

I have the honour to be,

Sir,

Your most obedient servant.

(Sd.) Secretary.

15—5—29.

Triplicane.

To

The Commissioner,

Corporation of Madras,

Madras.

Sir,

With reference to your letter G.D.C. No. 379|29 dated 18th April 1929 I have the honour to submit a report on the working of the Free Unani Dispensary during the past eight months of the Official year 1928-29. The enclosed shows the number of patients treated, names of the diseases, receipts and expenditure for the year 1928-29.

The number of patients treated during the year under review was 1042.

The dispensary is being managed by me only and I beg to convey my hearty thanks to the Corporation for its grant of rupees one hundred (Rs. 100) in the previous year. It is requested that the Corporation may be pleased to increase the grant for the year owing to the growing number of the patients treated in the dispensary and thus extend its support to the suffering public.

I beg to remain,

Sir,

Your most obedient servant,

G. D. Khuraishi.

155 Govindappa Naick Street,

10—6—29

From

Vaidyapperasiriar Mr. C. T. Arumugam Pillai,
Secretary and Treasurer,
C. T. Subramanya Pandithars Free Siddha
Ayurvedic Dispensary, MADRAS.

To

The Commissioner,
Corporation of Madras,
Madras.

Sir,

I have the honour to forward herewith the report on the working of the Free Sidha Ayurvedic Dispensary with the statement showing the diseases treated and the income and the expenditure during the year 1928-29.

The Sidha Ayurvedic Dispensary founded by Pandit C. T. Arumugam Pillai, a well known Ayurvedic Physician in the Madras City in memory of his father, the late well known Ayurveda Bashkara, C.T. Subramania Pandithar, the Author of many comprehensive and valuable works in Ayurveda called the "Jevarakshamirtham Pathar-thaguna Chintamani, Thailavarga Churukkam, Neernirakkuri and Naikkuri" etc., was opened in the year 1923. This Free Dispensary renders medical help to poor of all castes and communities free of charge. The Organiser of this Institution Mr. C.T. Arumugam Pillai is the Senior Physician who was a representative for the Sidha

Ayurvedic System in the Committee appointed by Government for preparing a report on the Indigenous system and a Member in the Advisory Board for the Indigenous medicines and the dispensary is conducted by a staff working under him. The poor patients visit the place frequently, consult and take medicines regularly. The relief given to the poor class is up to the mark and they like to be treated with the 'Sidha system of medicines'.

The work of the dispensary has been very satisfactory during the year under report. The total number of patients treated during the year was 8947 as against 7123 in the previous year and the total number of attendance was 19863 as against 20193 last year.

The hours of attendance of the dispensary is between 7-30 and 10 a.m. daily.

The Institution is self supporting and the Corporation of Madras pays an annual contribution of Rs. 400 which is quite inadequate to meet both the ends. The Institution has no fund of its own and no contribution is received from the public. The organiser of the Institution takes the whole burden on his head for working the Institution with a hope that the sidha system of medicines becomes popular throughout the City of Madras. The Members of the Council will view the work of the dispensary satisfactorily and to grant an increased contribution this year at least so that the work of the dispensary may not be narrowed. The total cost incurred during the year under report amounted to Rs. 1,700 and the remaining amount was purely met by the organiser.

The Corporation will be doing an humanitarian work by making liberal grants for dispensaries like this and encouraging the indigenous system of medicines. The work of the dispensary will be conducted more efficiently and with great care if more funds are available.

I have the honour to be,

Sir,

Your most obedient servant,

C. T. Arumugam Pillai.

Secretary and Treasurer

1—5—29.

From

The Managing Director,
Vasudevanda Free Ayurvedic Dispensary Samaj,
Triplicane, Madras.

To

The Commissioner,
Corporation of Madras.

THE ANNUAL REPORT OF THE DIRECTORS

For the period 1st April 1928 to 31st March, 1929.

Sir,

We have much pleasure to submit the annual Report of the work of the Samaj for the year 1928-29 and of the work and progress of the Free Dispensary for the said period.

During the year under report, the Free Dispensary has been serving a great deal in the suberbs of the City and in the near moffssil as well, in treating the poor classes and their children especially under the direct supervision and management of the Ayurvedic Doctor V. Vasudeva Pillai, A. M., A. C.

The cost of Medicine alone works up to 8 pies per head per day in the dispensary.

Our thanks are specially due to the Committee members for their kind help and guidance and to the Managing Director Dr. V. Vasudeva Pillai, who in addition to his energetic work in the Dispensary has also met the deficit from his private earnings.

We also beg to record our thanks to the Corporation of Madras for the financial help rendered to the Free Dispensary. Owing to the increasing popularity of the Free Dispensary and consequent increase in the attendance of poor patients, an appeal for sanction of more money was made to the Corporation of Madras but without success. If a little more financial help was rendered it would have certainly facilitated a good deal the work of the Free Dispensary and thereby helped many more poor patients.

However we wish once again to note our thanks for the grant sanctioned.

I have the honour to be,

Sir,

Your most obedient servant,

V. Vasudeva Pillai.

Managing Director.

To,

The Commissioner,

Corporation of Madras.

Sir,

I have the honour to submit the following administration report as directed by the Board of Governors of the Free Hahnemann Dispensary, Royapettah, on the working of the Institution for the year 1928-29.

The dispensary continues to give its free treatment as per resolution passed in 1927 by the Board in all deserving cases to persons getting an income up to Rs. 100 per mensum. The Institution works longer hours in the morning than in the evening.

HEALTH PROPAGANDA.

Lectures on health, Homoeopathic Science, Hygiene and sanitation are delivered as in the previous years,

SPECIAL DEPARTMENTS.

All the four departments are working very satisfactorily. Advice on contraceptive methods (Scientific) is given free by this institution to those who seek for it.

Management of the Administration.

The Board of Governors who governed the Institution in the previous years continue with some changes in the Interests of the dispensary. This Body has met on several occassions during the year under report for transacting the business aspect of the Institution. The General body also met once for the purpose of election to the Board to fill up the vacant places.

AUDITING OF ACCOUNTS.

This continues as in the previous years.

IMPARTING OF KNOWLEDGE IN HOMOEPATHY.

The library has been expanded to a greater extent than in the previous years and some more additions are expected soon.

PATIENTS TREATED.

The total number of patients treated during the Official year is 22,995. Several Medical practitioners have sprung up around this institution and yet our attendance has not been acected and this shows the popularity and the need for the Institution.

OPERATIONS.

Operations of Minor Surgery are performed when necessary with the aid of Homoepathic Medicines administrated internally to aid successfully the result. Other cases are sent to the Government Hospitals in the City. If the Corporation should aid us well we will be able to shift to better quarters and also arrange for the Major operations to be performed there alone.

ADVISORY BOARD.

The newly constituted advisory board in addition to the Board of Governors to aid them continue having the Rt. Rev. The Lord Bishop of Madras as its Chairman and the Bishop of Mylapore as the Honorary Patron.

REMARKS BY THE VISITORS SUMMARISED.

The Institution supplies a great need in the City and its existence is justified. It deserves all encouragement at the hands of the public, Government and the Corporation of Madras.

G. R. A. Acharya.
Hon. Secretary and Organiser,

BRIEF REPORT ON THE WORKING OF FRIEND-IN-NEED SOCIETY.

The objects of the Society are the relief of the deserving poor and the suppression of mendicity amongst the European anl Anglo

Indian communities, and to attain these objects the Committee endeavoured to do their best during 1928.

No deserving case was turned away and our efforts were by no means confined to unemployable wastrel. Every day of the week excepting Sunday one of the Members of the Relief Committee attended the Society's Home to investigate all applications made there for help, to dispense such help as may be necessary and to make suggestions for helping distressed cases. The Society has records of all people who have applied to the Society for help and all those connected with them, and usually no monetary help is given until investigations are made by the Investigating officers of the Society, unless immediate help is imperative when no more help than is absolutely necessary for their immediate relief is given.

During 1928 a greater amount was spent on relief than in previous years, but the number of people helped had increased proportionately. The total amount spent was Rs. 18,456 of which Rs. 7,218 was paid as temporary pensions affording help to 829 individuals. Rs. 386 was spent on clothing, Rs. 473 on school-fees of children and Rs. 10,379 on casual relief. With this money 256 families representing 508 cases were helped. The number of applicants to the Society counting only those who have been given help amounted to 1764.

The Society helped the Ex-Services Association by investigating for them about 70 cases referred to it.

At the Home we have 68 people—15 men, 37 women and 16 children. The numbers include those who are entirely destitute and so permanently in the Home, and those who are temporarily distressed and only there for a time. Among these temporary inmates are the families of which the wage earner is in prison or out of work or families who are waiting until their richer relatives can be found.

The children have been under the care of the Ladies Committee. Some of the children are in the Orphanages where they are regularly visited, and others are at the Home waiting to get their Destitution Certificates before being admitted to some Orphanage or other.

The year 1928 opened with a debit balance at the Bank, of Rs. 3,212-12-3 and receipts during the year amounted to Rs. 42,529-5-5. The expenditure came to Rs. 42,606-14-2.

If our actual expenditure had reached the figures budgeted for, our Bank account would have been overdrawn by nearly Rs. 6,000 at the end of the year.

There are two pressing needs in Madras which are hardly within our sphere and yet make further inroads upon our funds. There should be a Hospital for Incurables and a Home for mental defectives not certifiable as actual lunatics. Our Home is not intended for either class, yet those who seek our aid cannot be rejected.

ANNUAL REPORT OF THE MUSLIM HIGH SCHOOL, TRIPLICANE for 1928-29.

HISTORY OF THE SCHOOL.

When the Harris High School, Royapettah, working under the Christian Missionary management for 60 years and catering mainly for the Muslim youths of Royapettah, Triplicane and other parts of the City was abolished in June 1923, the poor students, (Muslims and Non-Muslims) of these parts were in urgent need of a separate Muslim Institution. The Government undertook to run the late Harris High School in the name of the Government Harris High School for only one year and expected the Muslim Community to take charge of the management early in June 1924.

Accordingly this new Muslim High School was started and opened by His Excellency the Governor of Madras on the 18th June 1924. As almost all the pupils, Muslims and Non-Muslims, belong to poor and backward communities, the fees alone cover but a very small percentage of the total expenditure. Even after taking into calculation the annual Government Grant, the management finds it difficult to meet the heavy cost year after year and so the Corporation of Madras was approached for aid.

STRENGTH OF THE SCHOOL.

The present strength of the school is 301.

RECEIPTS AND CHARGES.

The total fee receipts in 1928-29 amounted to Rs. 7,066-9-0 anl the expenditure to Rs. 27,348-6-9.

STAFF.

The staff consists of 21 teachers of whom 7 are trained B.A., L.Ts. One a Muslim Aligarh University Graduate, 4 trained Secondary Grade teachers, 2 Muslim teachers who have passed one part in the Intermediate examination, 2 Urdu Munhis, 1 Persian and Arabic Munshi, one Tamil Munshi, one Telugu Munshi, one qualified Muslim Drawing Master, one qualified Muslim Physical Training Instructor and one Muslim Manual Training Instructor.

SUBJECTS TAUGHT.

The optional subjects that are taught for the S.S.L.C Course include Physics, Chemistry, History of England, Geometry and Algebra, Book-keeping and Commercial Arithmetic, Commercial Correspondence and Commercial Geography, Shorthand and Type-writing, Urdu, Persian, Arabic, Tamil and Telugu. Religious Moral instructions are also being imparted to all the boys.

RESULTS.

The results of the Public Examination are fair, 16 having come out successful in the S.S.L.C. Examination of March 1928 out of 44 sent up.

Duuring the last five years, the management has spent more than Rs. 40,000 over and above the School fee collections and the Government grant. It was only to relieve, at least partially this heavy burden to the management, the Corporation was approached for aid, and the Corporation was pleased to sanction Rs. 1,250 in 1928-29. As the burden of the management is greater in 1928-29, and is likely to be still greater in 1929-30, application was submitted to the Corporation for an enhanced grant of Rs. 2,000 in 1929-30.

Hajee Hak[illegible]n Md. Abdul Wahid Saheb,
Honorary Secretary.

Agri Horticultural Society, Malras.
22—4—29.

To

The Commissioner,
Corporation of Madras.

Dear Sir,

Ref: your letter No. G. D. C. 379 of 29 dated 18-4-29.

I have the pleasure to enclose herewith a copy of the report of the Annual Flower Show (Fund) for the official year 1928-29 as desired in your above.

I am yours faithfully.

P. F- Fyson.

Honorary Secretary.

REPORT ON THE WORKING OF THE FLOWER SHOW FUND, 1929.

The Annual Flower Show was held on 19th and 20th January 1929. Prizes were offered in 52 classes and for these there were 47 competitiors.

The following prizes were awarded:—

1st prize of Rs. 15 each was awarded to 21 classes.

2nd two 1st prizes of Rs. 12-8-0 for one class.

2nd prize of Rs. 10 each was awarded to 19 classes.

3rd prize of Rs. 5 each was awarded to 10 classes.

Prizes for small collection of vegetables etc., at

Rs. 7 each to 2 classes.

Rs. 10 each to 3 classes.

Rs. 5 each to 2 classes.

Rs. 4 each to 7 classes and

Rs. 3 each to 3 classes.

The total cash amount distributed as prizes was Rs. 743. In addition, Cups were awarded presented by—

Her Excellency the Governor, Viscountess Goshen, Mr. Ian S. Fraser, Messrs. Spencer and Co., and Messrs. Wrenn Bennett and Co., Madras.

23—4—29.

From

The Principal,

St. Patrick's High School,

Adyar, Madras.

To

The Commissioner,

Corporation of Madras.

Dear Sir,

Your No. G. D. C. No. 379 of 18-4-29, I have the honour to enclose a copy of the School Prospectus which will probably suit your requirements.

Yours faithfully,

M. S. Gaynor,

Principal.

PROSPECTUS.

ST. PATRICK'S ORPHANAGE HIGH SCHOOL, ADYAR, MADRAS.

Under the Management of the Irish Patrician Brothers.

1. This Institution was founded in 1740. In July, 1885, it was removed from Armenian Street, Madras, to its present position. It is now situated at the Adyar, South of Madras, on a property of 170 acres, which affords ample recreation grounds for the Boarders and Orphans. The Boarding School, which is attached to the Orphanage, was opened to enable Europeans and Anglo-Indians to send their children to a good English School. Boys in both Institutions are prepared for the High, Middle and Primary Examinations, according to the Code of Rugulations for European Schools. Shorthand, Typewriting, Book-Keeping, Mensuration, Drawing, Tamil, Singing, are taught in addition to the ordinary school subjects. There is a brass Band and an Orchestra is being formed. Non-Catholic Children are admitted, but for the sake of discipline they must attend the religious exercises, when they are at liberty to read their own religious books and say their own prayers.

FEES.

2. Boarding Fees, which must be paid monthly in advance:— Boarders Rs. 25 per month. Orphan Boarders Rs. 20 per month. The latter are treated like Government Orphans. A fee of Rs. 2—8 per month must be paid by all boys to cover games, washing, mending, medical attendance, books and stationery.

GENERAL RULES

3. All correspondence to and from the children must pass through the hands of the Principal.

4. Pocket money intended for the boys must be sent or handed to the Principal for distribution.

5. Fees are charged for 10 months, from July 1st to April 30th. No allowance is made for broken periods or for children returning late to school.

Parents are not to come for their children before the advertised day of closing the school. Boys must be vaccinated before admission.

6. Parents residing in or near Madras are permitted to take their children home on the last Friday of each month after 4 p.m., but the boys must be back in school before 6 p.m., on Sunday. This privilege, however, is granted only to those boys whose conduct and application have been satisfactory. Boys returning late may be dismissed.

A month's notice must be given or a month's fee will be charged before a transfer certificate is issued.

8. In the case of Orphans, or persons seeking reduction in fees Destitution Certificates, signed by the Chief Magistrate of the District and stamped with the Court Seal, should be submitted, when the Parent or Guardian has been informed that there are vacancies, Baptismal and Transfer certificates should be sent to the Principal with the Destitute Certificate. In the case of Boarders, Transfer Certificates must be submitted, also Application Forms.

THE MADRAS SOCIETY FOR THE PREVENTION OF CRUELTY TO ANIMALS.

President:—The Hon'ble Mr. Justice G. H. B. Jackson I. C.S.

Honorary Secretary: Mr. A.E. Rencontre.

Honorary Treasurer: Mr. C. S. Govindaraja Mudaliar, B.A.B.L.

To

The Commissioner,
Corporation of Madras.

This Society is now in its 49th year of its existence. The aims and objects of the Society are given below.

1. The prevention of cruel and improper treatment of animals, and the amelioration of their condition generally throughout the Presidency of Madras. The means employed to obtain this end are:

(1) The agency of paid officers, whose duty it is, in the City, to watch, warn threaten or prosecute all persons found guilty of cruelty to animals.

(2) Invitting information and suggestions from all who are interested in the cause of civilization throughout the Presidency respecting any barbarous practices, whether arising from cruelty or ignorance, over which this Society may be thought able to exercise any influence, towards the improvement in the treatment and condition of labouring and domestic animals.

(3) Seeking the aid of the pulpit, the press and all public instructors in advocatiing the principles and objects of this society having in view the promotion of humanity towards the animal creation.

(4) Organizing a system for Prize Essay Competitions offering Medals for the best Essay written by any student of the public schools in the Presidency.

(5) Publishing tracts and quarterly journals for instructive reading on the subject of kindness to animals for Native Schools and homes.

(6) Offering prizes to the best conditioned hackney horses and bullocks and jutka ponies etc., at the time of the Animal Show to induce kind treatment among the illiterate classes.

II. Its important share and influence as an Agent in the education of the people—the cultivation of those merciful impulses which tend to the growth of humanity and prevention of cruelty. Towards these ends the moral support and co-operation of the Community are not less sought than its pecuniary aid to meet the varied expenses incidental to the Society's operations, the extent and utility of which in a field so wide, can be furthered only by the means at its command.

The official year closes on the 31st December every year. During the year 1928 the number of cases prosecuted to conviction by the Society's Officers was 2843. The income from fines was Rs. 8,252-15-0 and by subscriptions and donations its income was Rs. 4,789-8-5. The Society's expenditure during the year 1928 under various heads amounted to Rs. 13,616-14-7.

The more important achievements and endeavours during the year 1928 are with reference to the real improvements in the lot of animal life by the formation of seven new branches in the Mofussil, by the provision of an ambulance for the sick animals, by securing better housing in the Zoo for animals, by the mitigation of suffering in the improved lethal chamber, by raising money for a weighbridge to prevent overloading.

The special feature of the Society's work in its educational side during the past few years is the system of magic lantern lectures delivered at schools, temples, and also at Cheries and other public resort of illiterate masses. During the year such lectures were delivered in some of the important places in the Mofussil in compliance with requisitions for such lectures in those places. Reports were received that not only the lectures were instructive and interesting, but the people after hearing them felt the necessity for starting societies in those places. There are branch S.P.C.A's at Coimbatore, Madura, Salem, Rajahmundry, Tuticorin, Vellore, Trichinopoly and Cocanada. During the year new branches were established in Tanjore, Negapatam, Mayavaram, Kumbakonam, Vizagapatam, Tinnevelly, Calicut, Tri-

vellore and Cannanore. The Society is taking steps to have more branches established in the other important towns of the Presidency where animal labour is employed.

HOSPITALS.

All animals sent to the hospital by the Society's officers and the Magistracy are treated free of medical charge under an arrangement entered into with the Government at the time of the leasing of the hospital to them.

All jutka ponies of 13 hands and under, bandy bullocks and milkman's cows are given free treatment at the hospital according to G.O. Mis. No. 16 Development, dated 5th January 1922.

1048 animals were treated as in-patients anl out-patients during the year as against 1462 in 1927.

A hot shoeing forge started by the society is also under the management of the Veterinary College.

DOGS HOME:—1689 dogs were treated as in-patients and out-patients during the year against 1682 in 1927.

The Society's branch, Pinjrapole is located in the Connur Road, Perambur Barracks P.O. Animals that are past work or incapacitated are admitted here and are fed and cared for until they die a natural death. This Institution is managed by a separate committee consisting of the leading members of the Sowcar community and of the members nominated by the Society. During the year 169 animals were admitted into this institution and there were on the 31st December 1928, 737 animals. The Pinjrapole is declared by Government notification to be a hospital to which Magistrates may remand old and infirm animals concerned in cruelty cases. During the year 20 such animals were sent by the Magistrates to this institution as unfit for further work on the recommendation of the Principal of the Madras Veterinary College.

The S.P.C.A. is supported by voluntary contributions. As its present income is not quite adequate to carry on its operations successfully, the Committee appeals to the benevolent and generous hearted for more pecuniary aid so that the usefulness of the society may be increased, the field of its labour extended and its stability assured.

REPORT ON THE WORKING OF THE DEPRESSED CLASSES MISSION SOCIETY.

OBJECT.

The object of the society is to elevate the Depressed Classes by providing them with facilities for education by improving their moral tone and personal character, by promoting ideas of citizenship amongst them by remedying the social disabilities under which they labour and by enlisting the sympathy and co-operation of the higher well-to-do classes and by creating greater fellow-feeling towards them. The methods adopted are:—

To impart a knowledge of three R's to their children by opening day anl night Schools, and Reading Rooms, and Dispensaries.

To convey tc the elders better and nobler ideals regarding their improvement by means of friendly talks in order that they may become better citizens, handicraftsmen, tillers of soil and better fitted to earn an honest living and lead an honest life.

To secure the sympathy and co-operation of the higher castes by discussing with them the miserable condition of these people and by inviting them to visit the schools, reading rooms etc., and gather, first-hand information about the work that is being done to improve them.

SOCIAL AND MORAL EDUCATION.

As education is the first and foremost requisite for any kind of lasting improvement, the Society has since its inception been maintaining day and night schools in several depressed classes centres of Madras. At present the society maintains one day and a night School at Vysarpady and one night school at Meersapet Corparation Buildings and another one at Doming Kuppam Corporation day school buildings. The Meersapet nibht School is maintained by Dewan Bahadur G. Narayanaswamy Chetty, C.I.E., we thank for his liberal contribution towards the maintenance of the said school.

READING ROOM.

This reading room was opened some years back and located in the Society's school buildings, Vyasarpady. This reading room is maintained mainly for the benefit of the Depressed Classes. The Corporation contributes a sum of Rs. 10 monthly. The Society takes the opportunity of thanking the Corporation for their kind help. The Hindu, Justice, Swadesamitran and Dravidan are the papers daily placed.

SOCIAL WORK.

Some of the members and office bearers of the society are as usual visiting the Cheries in different parts of the city and delivering lectures on Sanitation, Small-pox, Infectious diseases, etc., and thereby educating the people there to be clean by washing their clothes and taking their daily bath, etc.

Our thanks are very much due to various donors and subscribers for their regular and prompt help, to the President and the Councillors of the Corporation of Madras for allowing us the use of their day school buildings for housing some of our Night Schools, to the Commissioner, Corporation of Madras for the liberal aanual contribution of Rs. 100 towards the maintenance of the Institution of the Society and to the Editors of the Local dailies for publishing our announcements.

THE ANJUMAN INDUSTRIAL SCHOOL, MADRAS.

Inspected 23rd March 1929.

The School has had a very successful year's work. There has been a further slight increase in the roll, the present number being 100.

The cabinetmaking section continues to do good work and Mr. Papoo Pillai the senior Instructor, deserves credit for his work particularly in keeping his designs up to date and in working out new designs to catch the eye of the customers. I notice a slight weakness in the constructive side of the upholstery work. The work is well finished but the foundation is not always all it should be. I recommend that a cheap text book on upholstery published by Evan and Co. at a cost of three shillings and six pence be obtained as a guide to the instructor in charge of this section. This text book I may say, forms one of a series of useful books on woodworking and allied trades published by Evans and Co., and is obtainable locally from Higginbothams Ltd.

The carpet section maintains its position but no fresh admissions were made during the year. Some very good carpets were turned out notably one purchased for export to France and one presented to H. E. H. The Nizam of Hyderabad. The Tailoring section is proceeding satisfactorily but I note a tendency on the part of the boys in this section, like those in other sections to go off and obtain work in the bazaar before completing their course, thereby interrupting their training and condemning themselves to low paid work in the future.

The accounts show a satisfactory balance in hand but little progress has yet been made in the establishment of a permanently invested capital or endowment. The fact that the shop and office recently rented out have been vacated, will prove a serious loss of income if steps are not taken to secure new tenants as soon as possible.

The Hostel has now 16 boarders in residence. This number might well be doubled if funds for their maintenance were available.

The staff have worked very well under Mr. Siddiqui's tactful guidance. The literary education section was inspected by the Deputy Inspector of Mohammadan Schools and his report shows that there is still room for improvement in this section of the Anjuman's activities. I understand that the Superintendent is devoting special attention to the supervision of the work of the teachers of literary subjects.

The general tone of the institution is very good. The opening

of the tailoring section has enabled the management to extend their activities. The substantial increase in the Government grant just sanctioned should enable the management to maintain the new section in a proper manner and should also serve to encourage and support Khan Bahadur B. M. K. Lodi Saheb Bahadur, the Honorary Secretary in his unceasing efforts to interest those able to assist the Anjuman with subscriptions and donations.

W. Fyfe,
Inspector of Industrial Schools.

A BRIEF SKETCH OF THE WORK TURNED OUT BY THE 'UNANI DAR-USH-SHIFA', TRIPLICANE, MADRAS.

DURING THE OFFICAL YEAR 1928-29.

To

The Commissioner,
Corporation of Madras,

Sir,

The Unani Dar-ush-Shifa has an excellent record to its credit in the number of patients treated this year viz., 1928-29. The total number of patients treated during this official year in the Unani Dar-ush-Shifa amounts to 101640 against 97517 treated during the preceding year showing thereby an increase of 4123 patients over the previous year's record. It comprised of 45590 male and 39299 female adults and 9782 male and 6969 female children against 43732 male and 38887 female adults and 8508 male and 6390 female children respectively recorded during the preceding year.

The average daily attendance of patients treated during the year under report was 278-5 against 267-2 recorded during the preceding year showing an increase of 11.3 patients per day over the previous year's record.

The total number of diseases treated during the year under report has been 20575 against 19319 treated during the previous year giving an increase of 1256 diseases treated over those in 1927-28.

The staff continued to be the same as of the preceding year.

The management of the Unani Dar-ush-Shifa still continue to depend entirely on public subscriptions and Corporation grants, which amounted this year to Rs. 4,102 including the contribution of Rs.1,250 awarded by the Corporation of Madras for the year 1927-28 and Rs. 1,000 awarded by H.E.H. the Nizam of Hyderabad.

The total expenditure of the institution during the year under report amounted to Rs. 4,766.

The monthly expenditure per patient treated in this institution during the year under report has been Rs. 1-6-6 and the daily expenditure per patient treated came up to pies 9 only.

Detailed lists of the patients and diseases treated in this Dar-ush-Shifa is herewith annexed.

Hajee Hakim Syed Macdoom Ashruff

Honorary Secretary.

THE MADRAS PINJRAPOLE.

This branch of the Madras S.P.C.A. was formed in the year 1906 and its habitation is in the Konnur Road, Perambur Barracks Post Office. Animals that are past work or are incapacitated are admitted here and are fed and cared for until they die a natural death. Previous to the formation of this Institution, it was a problem as to what was to be done with such animals. Not only was it with a view to pensioning these unfortunate dumb animals, which in health and vigour served their masters faithfully, that this Institution was started by the S.P.C.A. but also that such animals might—without getting into the hands of merciless owners who might work them to death or neglect them when they become unserviceable—pass their declining days in peace and comfort until the time of their natural death.

APPENDIX IV.

MANAGEMENT.

This Institution is managed by a separate Committee consisting of 12 members. In consequence of a representation made by the leading members of the Sowcar community that they would defray the major portion of the expenses of this Institution if they were given a larger share in its management, since the year 1912, the Pinjrapole Committee consisted of 8 members of the Sowcar community and 4 members nominated by the S.P.C.A. In 1927 a change in the personnel of the Pinjrapole Committee was effected by the S.P.C.A. by which 8 members were nominated by the S.P.C.A. and the remaining 4 members were selected from the Sowcar Community.

The Hon'ble Mr. Justice D.G. Waller is the Chairman and Diwan Bahadur Govindoss Chathurbujadoss, Vice-Chairman of the above Committee. Rao Bahadur R. Krishna Rao Bhonsle is the Honorary Secretary.

ADMISSION OF ANIMALS.

During the year 1928, 169 animals were admitted into this Institution and there were on the 31st December 1928 737 animals classified as follows:—

Horses	35
Colts	1
Cows	201
Calves	273
Bullocks	103
Buffaloes	71
Sheep	43
Dogs	5
Asses	5
Total ...	737

Animals are admitted into this Institution from the following sources:—

1. The Government having, in their notification dated 29th January 1913 declared the Madras Pinjrapole to be a Hospital for animals, the Magistrates in the Madras City send old, sick, infirm and disabled animals produced before them in cruelty cases, for admission into the Pinjrapole, free of admission fees.

2. Veterinary officers send animals of the above description from the Government Veterinary Hospital to the Pinjrapole for admission. No fees are charged for these also.

3. The Madras Corporation send their old and disabled conservancy bullocks to the Pinjrapole paying the stipulated fees.

4. Firms such as Messrs Binny and Co. send their wornout draught bullocks paying only the prescribed entrance fees.

5. Private individuals send their animals paying the regulation entrance fees.

6. The members of the Mahajan Committee and its Honorary Secretary, often rescue cows bullocks and sheep from butchers' hands and send them for admission, in most cases free of charge.

It was only from the last source that the Pinjrapole is flooded with young and healthy animals; several of the cows thus admitted calve in the Pinjrapole and there are many grown up calves.

The admission of animals during the year totalled 169, casualities being 146 and animals given out being 10. 20 animals were sent by the Magistracy and Veterinary officers as unfit for further work as against 26 in 1927.

APPENDIX IV.

FUNDS.

The income of this Institution during the year from various sources amounted to Rs. 16,710-14-5 and the total expenses for the upkeep of the animals etc., amounted to Rs. 14,968-0-9. Besides the above expenses incurred by the Pinjrapole Committee, the members of the Sowcar community supplied straw and green stuffs to the animals in the Pinjrapole. Taking into account the total expenses incurred for the maintenance of the animals in this Institution, the interest realized from its invested funds is barely sufficient even to meet a month's expenditure.

The Government were pleased to sanction a contribution of Rs. 2,500 to this Institution in the year 1919, only for one year. In the year 1920 they withheld this contribution. The Committee earnestly appeals to the Government to renew their contribution in consideration of the fact that animals sent by the City Magistrates and Veterinary Officers are admitted free of the prescribed fees and maintained at the cost of the Pinjrapole for life.

As the cost of maintaining an animal is no less than Rs. 150 a year, the Committee appeals to the Government, Corporation of Madras and the general public to help this Institution with liberal support.

R. Krishna Rao Bhonsli,

Honorary Secretary.

APPENDIX·IV

Statement No. 1 showing the diseases treated in the undermentioned hospitals and dispensaries during the year 1928–29.
